## Part I

*"Kill Them All, Let God Sort Them Out!" [1]*

To understand the violence against anyone and any of those who raise the insights and historical connections needed to intuit the Risen Christ and His role as Lord of Karma, we will need to examine aspects of real history, with real bad guys and real occult events that mirror events that we twistedly teach to students of political science as accepted history.

Our first such example where the Lord Of Karma, with the Christ Being that is active all over the Earth, was observed and documented, and consequently the career and reputation of this individual was severely attacked because he nailed the Christ Event and Lord of Karma artistically, accurately and almost by accident will be Dalton Trumbo.

We find this brilliant excursion into the realm of the Etheric Christ that is active at the Threshold of Human Consciousness in the 16th Chapter of "Johnny Got His Gun" by Dalton Trumbo. It is dangerous to the Powers that be to study and meditate on this chapter of the book. Therefore Dalton Trumbo had to be marginalized and his personality crushed and his voice drowned out because that is how the 'beast' works when the Etheric Christ comes too close to the iron or nuclear grip of his bid to overthrow the Etheric Christ Being. Humanity for long years will worship and fear the nuclear god we have created against the Real King of the I Am, and the King of Light and the Logos itself, the Etheric Christ.

This essay and excursion is all about the Etheric Christ Event, and also about the instinctual and official government forces of human instinct who truly hate when a real issue arises that is a 'game changer'. "Johnny Got His Gun" was a game changer that went against the entire superstructure of the powers that stand against our humanity ever acknowledging and absorbing the human ramifications of the mighty Etheric Christ Experience arising in the 20th and 21st centuries.

## “Source Code” and “Johnny Got His Gun”

It is a problem with education and general knowledge shared by human beings and the human family, that two distinctly different issues can be drawn together with shivering clarity and comparative literary depth but few people will notice. People don't recognize that the two distinctly different events in time are connected. Most people have never considered that the current film "Source Code" and "**Johnny Got His Gun**" are profoundly connected.

This essay has gone back to look at the first glimpses of the Risen Etheric Christ event arising out of the early 20th century with "**Johnny Got His Gun**" and in doing so, it has also stumbled upon the current Ahrimanic answer to the enslavement of the human spirit after death as it is projected into the 21st century in the newer version of "**Johnny Got His Gun**" – namely "The Source Code".

"**Johnny Got His Gun**" placed the wounded, dead torso of a soldier, without limbs and half his face blasted off, and still sealed in the tomb of his body, blasted away in WW I, but freakishly kept alive. We were allowed to experience the existential reality of a human being caught at the threshold of death but without death's blessing and forced to learn how his thinking and I AM functions and what happens to the others who have died and what the difference is between himself and those others. For in "**Johnny Got His Gun**" we become aware of the deeper regions of the immortal I AM. In chapter 16 of "**Johnny Got His Gun**" we encounter the Etheric Christ and the Lord of Karma, which is why this essay is called Etheric Christ glimpses 1.

In the latest version of "**Johnny Got His Gun**" a new covert program called the "Source Code" that can only have been gleaned from how Near Death Experiences were proven in torture and waterboarding where the military has had a field day in trying to tap and enchain those who enlisted or are gun ho patriots to serve their country after they have already died, which is an invitation to sign up for an occult military program that sells your soul and keeps you caught on the threshold and forced to serve Ahrimanic intentions. So in the "Source Code" the nightmare of being caught at the threshold between death and life is a love story full of Ahrimanic propaganda and patriotic fights with terrorists, using the remote viewing potential of those who have died but are kept alive artificially alive on life support so that they can be ordered and monitored to use the forces of the soul, that Ahriman and medical science refuses to make public, but can be used by the military first and introduced in a controlled and modified manner later, when Ahriman is able to control the results.

## “Source Code”

---

*"When decorated soldier Captain Colter Stevens (Jake Gyllenhaal) wakes up in the body of an unknown man, he discovers he's part of a mission to find the bomber of a Chicago commuter train. In an assignment unlike any he's ever known, he learns he's part of a government experiment called the "Source Code," a program*

*that enables him to cross over into another man's identity in the last 8 minutes of his life. With a second, much larger target threatening to kill millions in downtown Chicago, Colter re-lives the incident over and over again, gathering clues each time, until he can solve the mystery of who is behind the bombs and prevent the next attack."*

---

"Johnny Got His Gun" not only placed the reader in a position to understand the 'I AM' as an isolated force of pure eternal spirit, caught on the wrong side of the sense world, alone as no other human 'I' has ever been alone, but as a book it also focused a spotlight on the horrific lies and betrayals of the mighty War Machine and War Propaganda, and false heroism that is reduced to ash against the holy alone-ness of the isolated "I AM". But most importantly, it stirred up a hornets nest run by a madman that everyone in the media lifted to national prominence. Joseph McCarthy.

"Way Back in the 1950's, Wisconsin Senator Joseph McCarthy had his own little version of the Spanish Inquisition, an hysterical attempt to root out the communism that he thought he saw climbing the walls all around him." We could say that part of the extravagant and loose sixties were the extreme counter point and reaction to the artistic freeze and media whores and a typical moronic Congress flexing of power with it's new toy, the T.V. A propaganda freeze of raw fear, that had crept into the soul of the nation in the 1950's along with a new global nuclear beast that America had set loose upon the world unleashed a brave new world.

That horrific searing, incinerating light had unlocked the Beast and America had used it on humanity. Not only had Christ been crucified at age 33 but in terms of following the reality of how the Etheric Christ functions in time, Harry Truman the 33rd President of the United States had unleashed this anti-living Light, anti-Etheric Light force as the most potent and darkest guilt to spread through the world and give rise to the plague of fear and national guilt called McCarthyism. 33 was indelibly printed into the etheric structure of the world by the very Crucifixion and Resurrection of the eternal Logos or Cosmic Word of creation.

McCarthyism and Nazism as well as arrogant American Imperialism, dark torture and removal of creative human freedom of expression is what happens when unconscious guilt turns and devours it's own national soul. This is what is happening today as well. This is how the freest country, America turns into **the very monster it ingested** [2]. America ingested what Heisenberg and Einstein prevented Nazi Germany from attaining. The issue is our failure to understand, treat with higher consciousness, moral and immoral forces of light. Our failure was not recognizing the potent immoral signature of a vast anti-light beast with the capacity to infect the unguarded American psyche and use the entire American Soul as its new playing field. The beast outgrew Germany and was nestled away in the more subtle and naive new American Rome.

Both Heinrich Himmler who demanded a vast karmic understanding for the swath of death and destruction that Germany embarked upon based on the *Bhagavad Gita*, from his own SS inner circle; and Oppenheimer and the coterie of Scientists centered at TRINITY, named after the Christ event and a poem by John Donne hoping forgiveness from The Trinity, (Father-Son-Holy Ghost) were sucked into contemplating the vast Karmic message of Krishna, the Lord of Karma in the Bhagavad Gita.

America, guilty as sin, digested the most horrific anti-human weapon ever devised and the demise of America in the 21st century as it falls into fascism will be the result of a failure to comprehend the Etheric Christ Light vs the Anti-human, anti-etheric light of depleted uranium and horrific destructive, anti-Christ-imbued fallen devachan nuclear light.

---

*"When chemical action is driven down beneath the physical plane – into the evil devachanic world – magnetism arises. When light is thrust down into the sub-material electricity arises. If what lives in the Harmony of the Spheres is thrust down further still, into the province of the Asuras, an even more terrible force – which it will not be possible to keep hidden very much longer – is generated. It can only be hoped that when this force comes to be known – a force...far, far stronger than the most violent electrical discharge – ...that before some discoverer gives this into the hands of humankind, men will no longer have anything un-moral left in them." Rudolf Steiner [The Etherisation of the Blood, pp.40-41]*

---

In the aftermath of having developed the powerful, "Dr. Strangelove" global poisoning bomb, with fallen light from the fallen devachan itself, America and the ingested immoral forces it devoured went after the moral light in people like Dalton Trumbo, Ruth Gordon, Zero Mostel, Dashiell Hammett, Lillian Hellman, Jose Ferrer and Orson Welles who were just a few of those who were blacklisted via human demonic witch hunts attempting to shield the beast from brotherhood and the Rise of the Etheric Christ.

But most importantly, in terms of actually looking at the subject matter of the most potent and powerful event that surrounds the core of the " I AM" of humanity, Dalton Trumbo confronted the literal roots of Body-Soul and Spirit, in an artistic package that tore away the trappings of the sense world and the lies of the War Machine and revealed a hint of the mighty Etheric Christ behind the scenes of external world happenings. And the beast rose up and attacked innocent personalities exactly like the tale of "The Crucible". "The Crucible" was a 1953 play by Arthur Miller. It is a dramatization of the Salem witchcraft trials that took place in Province of Massachusetts Bay during 1692 and 1693. Miller wrote the play as a response to McCarthyism.

Trumbo presented for all the world to see in Chapter 16 of his book, "Johnny Got His Gun" a window into the Etheric Christ Event of the 20th and 21st centuries. Trumbo lifted the veil on a Mystery which the very instincts of humanity are terrified to hear. The petty

pretty perch of the powers that be were in a position to destroy the fragile human personality and reputation of anyone who might open the door to the coherent and factual activities of the Christ as the Lord of Karma. And this lesson of looking at the subject matter instead of the distractions of the media and political animals in the cages at the zoo of public opinion gets us to the core of the issue of how Christ is active amidst the Angels of each human being, as the Lord of Karma.

Trumbo tripped upon it and opened himself up to a vast pronged attack. "Johnny Got His Gun" revealed a human being exiled to the narrow region of the 'I AM'. Trumbo's career was deliberately publicly destroyed and he was in exile, yet nothing as severe as the character of exile he outlined in his book. In "Johnny Got His Gun" Trumbo places a human soul in the most difficult philosophical and spiritual isolation ever offered as reality to non-philosophical American minds.

America hasn't the strength or depth to enter a Fichte or "[The Philosophy of Spiritual Activity](#)" by Rudolf Steiner. But Trumbo presented the full experience of the isolation of the "I AM" of humanity, so that pragmatic Americans could comprehend it. It is the most frightening and the most profound of considerations when isolating the "I AM" alone with its mortality and immortality. In the core of the I AM is the resonating central mystery of the actual Christ Being Himself. And Americans have shown no interest in wanting to get to the core of the I AM. "Johnny Got His Gun" is, objectively, terrifying and absolutely true in terms of Initiation Science.

Basically still today, your reputation is ruined or you are murdered if you attempt to speak truth to power. Today there is a science of defaming and destroying a target personality through the willing henchmen of the press and media. Which means that power literally hates the reality of the Etheric Christ in our environment or when a personality comes close to understanding the deceptions we delude ourselves with they become a target.

Fascism in all forms and American styled fascism, lies and deceptions are the M.O. (Modus operandi) of the beasts globally growing Main Stream Media's face. The United States Congress, Great Britain, Washington D.C., Wall Street and Israel who refuses to acknowledge violations of the nuclear non-proliferation treaty, to name just a few, all torture and have broken the slender line of human decency set in the Geneva Conventions. In other words the M.O. of the beast creates literal war criminals and trusts no one who isn't a deceitful, murdering monster like itself.

Our sense world is supposed to be ruled by distractions and disorientations and all education and the entire military budget and the control of human sheeple would come to screeching halt if the Etheric Christ and His activity behind the Threshold of the Sense World were known. Therefore people are murdered and their reputations destroyed through public humiliation and Media Whores who work for the same horrific beast that stands to gain by the denial of the Etheric Christ Event.

## Chapter 16

---

*"...And then all sound seemed centered in one voice that filled the whole world. He listened to the voice because it had stopped his fall. It had become everything—the world and the universe and the nothingness around them. It was a woman's voice crying and he had heard it before. Where's my boy where's my boy? He's under age can't you see? He just came up from Tucson about a week ago. They had him in jail for a tramp and I came all the way here to get him back. They let him out of jail if he'd join the army. He's only sixteen except he's big and strong for his age he always was. He's too young I tell you he's just a baby. Where is he my little boy? He just came up from Tucson you see and I came to take him home.*

*The voice faded away but he knew the whole thing now. That boy was Christ. There wasn't any doubt about it. The boy was Christ and he had come up from Tucson and now his mother was hunting and crying for him. He could see Christ coming up from Tucson trembling out of the desert heat waves with purple robes flowing from him like in a mirage. Christ came right into the railway station and sat down with them.*

*It seemed like there must be a little room somewhere off from the station and they were playing blackjack there waiting for the train to go. He didn't know the other guys and they didn't know him but it didn't seem to make any difference. Outside the crowds were yelling and the bands were playing and here he was with four or five guys in a quiet little room and they were playing blackjack when Christ came up from Tucson and walked in on them. The guy with red hair looked up and said you play blackjack? and Christ said sure and the guy who looked like a Swede said then pull up a chair. Table stakes said the guy with red hair and be sure your bet's out before the first card. Christ said okay and fished around in his pocket and pulled out a quarter and laid it down.*

*The guy with red hair began to deal and everybody began to watch the cards except the Swede who grunted and said Christ I wish we had a drink here. Christ kind of grinned and said why don't you drink it if you want it so bad? The guy who looked like a Swede turned and looked at Christ and then he looked down at the table and sure enough there was a glass of whiskey sitting by his right hand and everybody had a drink of whiskey sitting there. They all looked up at Christ and the guy with red hair said how in hell did you do that? Christ just smiled and said I can do anything hit me only not too hard. The dealer hit him and Christ looked at the card like it was bad news. Then he pushed his money toward the dealer. I never could hit a twelve he said in a complaining voice. I don't understand it because a twelve shouldn't be any harder to hit than a thirteen should it? It shouldn't be only it is said the guy with red hair. There is nothing to that it's all the bunk said the guy who looked like a Swede a twelve is just like any other number above it only better and anybody tells you any different is filled with superstition.*

*Gosh said a quiet little guy who had been winning and now was sampling the whiskey this stuff is mighty good liquor try it. It ought to be good said Christ still looking at his dough out there on the table it's sixteen years old.*

*All of a sudden the guy with red hair threw down his cards and stood up stretching and yawning. Well he said it's all aboard outside I got to go. We all got to go. I'm going to be killed on the twenty-seventh of June and I got to say goodbye to my wife and kid. The kid he's only a year eight months but smart as hell already I'd like to see him when he's five. I can see myself getting killed plain. It's just after daybreak all cool and nice with a brand new sun and the air smelling good. We're going over and I'm a sergeant by then so I go over first. Just as I get my head over the edge a bullet hits me like a hammer. I fall back clear across the trench and try to tell the other guys to go on without me only I can't talk and they go over anyhow. I lie there seeing only their legs as they run by and climb up and disappear. I kick and squirm for a minute like a chicken and then I snuggle down against the dirt. That bullet got me in the throat so I just snuggle down there peaceful like and watch the blood run out and then I'm dead. But my wife don't know it so I got to tell her goodbye just like I thought I was coming back.*

*Hell said the little guy who had been winning you talk like you was the only one. We're all going to be killed that's why we're here. Christ he's already dead and the big Swede over there is going to catch flu and die in camp and you in the corner you're going to get blown so damned high nobody'll ever have a souvenir and me I'm going to get buried in a trench cave-in and smother now isn't that a hell of a way to die?*

*All of a sudden they were all quiet listening and the guy with red hair said what's that? Somewhere in the air way far above them there was music. It was high thin music like a ghost passing through the sunlight. It was pale white music so beautiful so very faint and yet loud enough for all of them to hear. It was music like a soft breeze that finds its way out beyond the place where there is air where there is only space. It was music so faint so shivery so sweet that it made them all tremble as they stood and listened. It is the music of death said Christ the high thin music of death.*

*Everybody was still for a minute and then the little guy who had been winning said what the hell's this other guy doing here he ain't going to die. And then everybody looked at him. For a minute he didn't know what to say he felt like somebody who's come to a party he hasn't any invitation to and then he cleared his throat and said maybe you're right but I'm going to be the same as dead. You see I'm going to have my arms and legs blown off and my face shot out so I can't see or hear or talk or breathe and I'm going to live even if I am dead.*

*They all looked at him and finally the guy who looked like a Swede said Jesus he's worse off than we are. There was a little more silence and all of them seemed to be looking at the guy with red hair as if he was the boss. Hell said the guy with red hair after staring hard at him he's all right leave him alone. So they all went out to the train.*

*On the way out to the train the little guy who had been winning said to Christ Christ are you going with us? And Christ said for a little ways but not far I got lots of trains to meet lots of dead men lots of them you wouldn't believe it. **So they climbed on the train** and Christ made just an easy little jump and swung right smack up on top of the engine.*

*When the train started up everybody thought it was the train's whistle made the noise but it wasn't it was Christ perched up there and screaming that made the noise. So the train went rushing and screaming away with Christ perched on top of the engine his clothes trailing after him and hollering at the top of his voice. The train went so fast all you could see looking out of the window was a line between the sky and the earth and nothing else.*

*Pretty soon the train was in the middle of a big desert a hot yellow desert that shivered under the sun. Away off in the distance there was a cloud—a haze that was floating between the sky and the earth but nearer to the earth. And out of the haze was Christ coming up from Tucson. Christ floated there above the desert with purple robes drifting down and the heat waves swimming up around him.*

*Looking at Christ there above the desert he couldn't stand it any longer on the train. Dead men were on that train dead men or live men and he wasn't either so he had no business being there. He had no business being anywhere there was no place for him he was forgotten and abandoned and left forever alone. So he jumped out of the train right through the window and started running toward Christ.*

*The nightmare train went on through the sunlight its whistle screeching and the dead men inside laughing. But he was alone in the desert running running till his lungs squeaked running toward Christ who floated there in the heat with purple robes. He ran and he ran and he ran and finally he came up to Christ. He threw himself into the hot sand at the feet of Christ and began to cry."*

---

To ask for our thoughtful attention to detail, when the Christ creates a round of drinks for the card players and to comprehend how each year in the life of a sixteen year old is part of the flavor and Spirit of the round of drinks is a wholly new concept of the transubstantiation, the Holy Communion. *"Gosh said a quiet little guy who had been winning and now was sampling the whiskey this stuff is mighty good liquor try it. It ought*

*to be good said Christ still looking at his dough out there on the table it's sixteen years old." The aged and aging process of Christ in the sixteen year old distills and creates a transubstantiation moment of drinking the actual illusion of the taste of someones life.*

That which the card players drink around the table are the shot glasses of rich spirit. The distilled spirit of the sixteen year old boy is what they share as a communion together as they prepare to leave the realm of Earth life and Earth destiny, shepherded by the Christ. Guided by Christ the Lord of human Karma, as the hundreds of thousands of dead human beings, the casualties of war, the collateral damages to War Mongers are harvested and prepared to cross over to the Spiritual World. Yes and they toast with the young sixteen year old's aged shots.

It was the FerryMan who used to ferry the souls across the river that divides the earthly world from the spiritual world. Christ the Lord of Karma and each human beings individual Angel now serve as Ferrymen in the service of the Christ Being.

---

*"Christ looked at the card like it was bad news. Then he pushed his money toward the dealer. I never could hit a twelve he said in a complaining voice. I don't understand it because a twelve shouldn't be any harder to hit than a thirteen should it? It shouldn't be only it is said the guy with red hair. There is nothing to that it's all the bunk said the guy who looked like a Swede a twelve is just like any other number above it only better and anybody tells you any different is filled with superstition."*

---

Christ did not fail by having the TWELVE DISCIPLES. Listen very carefully, matter and light, and carbon based life forms, human beings as well as nature combine and are integrated with a Carbon-12 model. *"Carbon-12 is the more abundant of the two stable isotopes of the element carbon, accounting for 98.89% of carbon; it contains 6 protons, 6 neutrons, and 6 electrons. Carbon-12 is of particular importance as it is used as the standard from which atomic masses of all nuclides are measured: its mass number is by definition 12."* Not only should light the devachan and the atomic table of elements not escape human intelligence in their lack of moral insight, but more importantly is the reality of the THIRTEENTH.

Trumbo lets slip an interesting and fathomless idea, but none of us as casual readers are supposed to catch the drift and catch the meaning are we? When we look at the Last Supper it is always Thirteen we are looking at. When we look at King Arthur and his mythical 12 knights of the Round Table, we always are looking at Thirteen because both Arthur and the **Christ are the Thirteenth**. But reality does not end at that comparison, The Sun Being, the Christ who transformed the entire physical and genetic form of humanity by using Jesus as the vehicle, was the actual moral kernel of the Sun Itself in human

form. The Sun, whether idiotic science stands by the seasons or the procession of the Equinoxes places the Sun in a giant cosmic clock of TWELVE CONSTELLATIONS, from whence the Christ as the central Sun Being, the Logos arrived at the Baptism.

## Rudolf Steiner

---

*"The Northern Mysteries were based upon the idea that when a number of men, each of whom has his particular task, are gathered together into a whole, an invisible influence will work in them, just as the soul works in a human body. When men come together in this way, each playing his own part, they form a kind of higher organism or body, and thus make it possible for a higher spiritual being to dwell among them. Thus Sieg gathered together a circle of **twelve men**, each of whom set out to develop the powers of his soul in a particular direction. And then, when they gathered together in their holy sanctuaries, they knew that a higher spiritual being was living among them as the soul lives in a human body, that their souls were members of a higher body. This was the sense in which the **"Thirteenth"** lived and moved among the Twelve who knew: We are **twelve** and the **Thirteenth** lives among us. Or else they chose out a **Thirteenth** whose function was then, within the circle of the **Twelve**, to be the connecting link enabling the higher influence to descend. And so the **Thirteenth** was recognised to be the representative of the Godhead in the sanctuaries of Initiation.*

---

---

*"Everything was related to the sacred number three, and for this reason the one who united in himself all the knowledge was known as the representative of the 'holy Three' and **around him were the twelve**, each one with his definite functions, like members of an organism.*

*"And so it was realised that when **twelve men united together** to develop a power which enabled a higher being to dwell among them, they were rising out of the physical into the spiritual world, rising to their God. They regarded themselves as the **twelve** attributes, **the twelve qualities of the God**. This was all reflected in the figures of the **twelve Germanic Gods** in the Northern sagas."*

---

Humanity as slipshod, goony thinkers have to have 12 hours on every clock face and must account both for the position of the Earth in the cosmos, the 12 months of the year, and finally that the ratio of body weight to blood in the human being is 13/1, must also hold in their consciousness the reality of the Free Functioning Formative Etheric Christ Being as the 13th amidst the twelve constellations. The failure to grasp the rooted depths of a divine being of that magnitude having visited Earth Humanity and plunging itself into the destructive humility of human death is a failure to understand the very roots how Spirit and matter are wed. This is not a little baby Jesus injunction but a Pauline and a

Krishna revelation in both Science and vision. Dalton Trumbo, Charlie Chaplin, Oppenheimer, Himmler and Rudolf Steiner penetrated into the region of The Lord of Karma, the Etheric Christ.

---

*"So that in what happened at the Mystery of Golgotha, we really have a co-operation of the most important leaders of mankind, a synthesis of spirit-life. When St. Paul had his vision before Damascus, He Who appeared to him then was the Christ. The halo of light in which Christ was enveloped was Krishna. And because Christ has taken Krishna for His own soul-covering through which He then works on further, therefore in the light which shone there, in Christ Himself, there is all that was once upon a time contained in the sublime Gita. We find much of that old Krishna-teaching, although scattered about, in the New Testament revelations. This old Krishna-teaching has on that account become a personal matter to the whole of mankind, because Christ is not as such a human ego belonging to mankind, but to the Higher Hierarchies, Thus Christ belongs also to those times when man was not yet separated from that which now surrounds him as material existence, and which is veiled to him in maya through his own Luciferic temptation. If we glance back over the whole of evolution, we shall find that in those olden times there was not yet that strict division between the spiritual and the material; material was then still spiritual, and the spiritual — if we may say so — still manifested itself externally. Thus because, in the Christ-Impulse, something entered into mankind which completely prevented such a strict separation..."*

---

From 1933 onwards the Risen Christ, The Lord of the physics of Human Karma has stood at the Threshold of Human Consciousness as humanity plunged itself into deeper and deeper forces of chaos and darkness. The issue of the physics of Human Karma is centered on the vast core and hub of the Christ Being that sorts out all the billions of human time streams and currents, primitively viewed as a train station by Dalton Trumbo, but far into the future, our current karmic issues have a cause and effect field within the vast Alpha – Omega structural system of the Light coordinator, the Christ Being. Trumbo allows that his passengers will know the time of their deaths, and will visit their loved ones and realize the results of the immense realities of Time – Cause and Effect that transcends our current sloppy physics studies of reality.

This vast cosmic I AM is intimate to every single i am that functions. Therefore Physics theory and time theory and studying karmic events of the past and their specific effects out into the future, have created what Steiner understood and Physics is trying to understand as a kind of Post Traumatic Stress Disorder, disturbance that reveals a karmic effect sent winging back into the soul of the human being in the present from the future.

---

*"There will be people — at first only a few, for only in the course of the next two or three thousand years will these capacities evolve in larger numbers, and these first forerunners will be born before the end of the first half of the twentieth century — who will have an experience something like the following. After taking part in some action they will withdraw from it, and will have before them a picture which arises from the act in question. At first, they will not recognize it; they will not find in it any relation to what they have done. In the end they will see that this picture, which appears to them as a sort of conscious dream-picture, is the counterpart of their own action; it is the picture of the action which must take place, in order that the karmic compensation of the previous action may be brought about."*

---

In this present and in that future The Etheric Christ Being embraces the full gamut of the divine unfolding of all human beings everywhere including compensation from the past, present and future events within an integrated, creative and cohesive whole. Not one human spirit or event is out of the system ever. This new disturbing capacity is part of the central reality of raising our vision past Krishna to the current Lord of Karma, The Etheric Christ Being currently operating within the etheric region of humanity. We need to know a great deal about the intimacy of our own human biographies within the Angelic and Divine system of compassion, matter, light and love. For our decisions in freedom, in the moment, create intimate alterations to our own and humanities karma in the future.

---

*"...Russian researcher Anatoly Okhatrin are of definite interest. They confirm the idea of an ether or universal lepton gas, which contains full information about the material world. Clusters of the lightest particles—microleptons—carry people's thoughts and feelings; these microleptons are capable of traveling in space and time at tremendous speeds.*

*The speed of light is a limiting factor only for a continuous stream of speeds, the so-called continuum. However, greater speed levels, in excess of the speed of light, are possible for extremely weak signals.*

*"Okhatrin's experiments and calculations show that people's thoughts are carried by the lightest microleptons. And the equations of karma prove that they can travel much faster than light. This justifies the conclusion that humanity's potential in getting to understand the Universe is practically boundless.*

*"Up to now it was considered that our potential in the conquest of outer space is limited by what is known as the pessimistic radius of Poincare-Einstein. If we multiply the speed of light by the human life span, we arrive at the limit that even*

*the most sophisticated spaceships cannot surpass. No generation of spacemen can explore the Universe beyond that radius.*

*"But from the equations of karma it follows that at the level of extremely weak signals we can reach out far beyond the Poincare-Einstein sphere. Material thought can travel to distant regions of the Universe at a speed greater than that of light. Man can obtain information about what is happening at any distance from him. This is a fundamental philosophical conclusion that allows humanity to look to the future with optimism.*

*"I arrived at this conclusion by considering the equations of karma. But then, many scientists before me have reflected on the synthesis of science and religion, among them the founders of quantum physics. What are termed the conjugated equations of Schrodinger and Dirac point to the possibility of the existence of anti-particles. Similarly, the conjugated equation of karma suggests that there can be anti-signals as well as anti-particles. Moreover, this equation makes it possible to describe the spectrum of properties that these anti-signals possess. While ordinary signals travel along the river of time from the past via the present into the future, anti-signals travel in the opposite direction. They originate in the future and pass through the present into the past."*

---

We touched upon the issue of how America was preserved and chosen, as the most advanced technical nation, to become the bearer of a truly demonic weapon of mass incineration and destruction. America's karma was to ingest and be chosen by the beast, to bring forth FEAR with more intensity than even Nazi Germany did. Both Heisenberg and Einstein prevented Germany from going further down a certain path, but America, as arrogant and malicious and huge as She is would be a far more interesting and enormous win for the seductive forces of the beast and our failure is a failure to think of macro or vast motives and intentions that are part of "The Grand Chessboard" that include think-tanks and societies and clubs that have fallen under the brilliant and glittering glare of the beasts most intimate schooling.

This is where the Manhattan Project and Oppenheimer crossed paths with **Heinrich Himmler**. Both Oppenheimer and Himmler were immersed in how Krishna answers Arjuna. Human Karma and the Logos or law of the world allowed Himmler to train his ruthless SS officers in moral detachment while fulfilling the job of murdering innocent people. Since murdering masses of innocent people would disturb the individual human moral conscience both Himmler and Oppenheimer resorted to hiding behind the Yogi Karma of detachment by using the *Bhagavad Gita* and what the Lord of Karma, Krishna, as a Spiritual Being, brought as justification to the horrific death and destruction that would happen on the battlefield or in the final solution of Concentration Camps.

---

*"Krishna is not teaching Arjuna to become ruthless. A choice less person can never be ruthless. Ruthlessness can only happen to a person of attachment, attachment to killing. A ruthless person simply enjoys being ruthless. Krishna will have no attachment to killing; killing has to take place because the value system Dharma is in danger. The law and order has to be maintained."*

---

In other words, it doesn't matter if you think you would like things explained very easily to you, what matters is that you raise yourself up to the plateau where you grasp that the Christ, that super divine being that entered Jesus at the Baptism at 29/30 and completed the Resurrection at 33 years of age, was indeed the very **Being of Krishna** and that all arguments for murder or karmic justice or detachment from torture or rendition, or sterile annihilation as with un-manned drones or bio-weapons or mere launch codes, are all brought back to the individual I AM and cannot as both Himmler and Oppenheimer imagined, that somehow by lending their destiny to mass murder they would somehow be granted immunity from karma.

You and your affiliations with what you think are the righteous military good boys and girls think that somehow you will be given a pass because you remained nothing but ignorant unconscious pawns, taking orders and all the while imagining our perfect America doing the good. No, what matters is that you treated other I AM's as you would have wished to be treated. Not one jot or tittle that caused the horrific murder or removing someones karma from the scope of reality will be left undetected by the **Christ the Lord of Karma**.

It is a physics impossibility and it is a Logos law and a Logos Being that stands as steady as the order of the Sun in the constellations. Therefore puny human denial is just weary water under the bridge. **Christ is the master of the physics** of how the entire karma of each and every individual will be woven back into reality and held to account. And this will absolutely cause Post Traumatic Stress Disorder and psychic distortions and Karmic earthquakes through out the entire system. The Beast plans to vaccinate and medicate such disturbances as a cover up against the actual influences of the Etheric Christ Being.

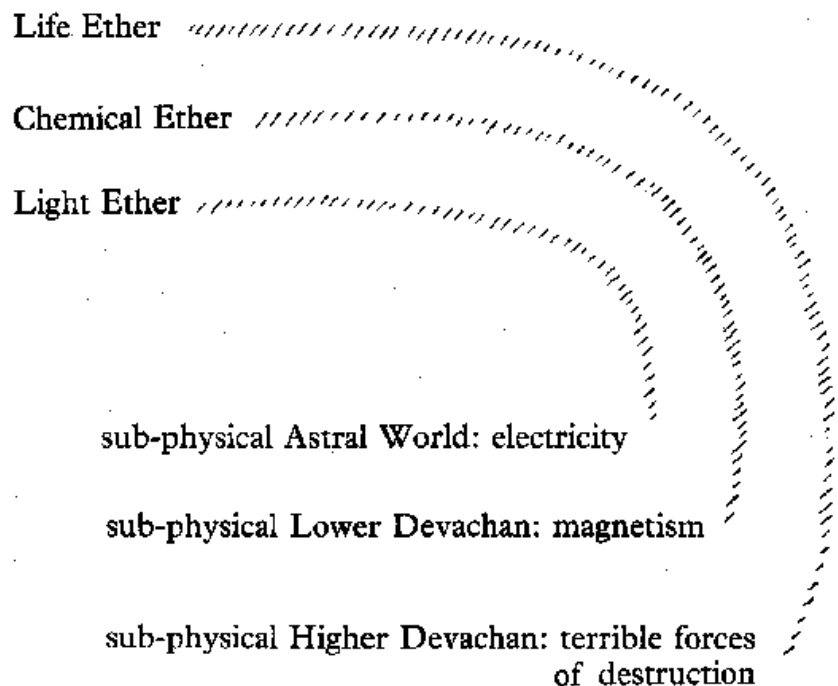

Humanity and the Christ Being who is the I AM of the Light of the World has placed the weight of the moral depths of the world on each and every individual human being. If you pretend to be unconscious or pretend to not understand that an actual Divine Being, the Christ, is actually active now within humanity and that this is not some Eastern Esoteric tangent, but the moral and ethical battle for the very core of each and every brother and sister in protecting the tiniest I AM because in that fragile i am is also the germ of the mighty Christ I AM, you are pretending and hiding from actual reality. We are charged with becoming morally mature or descending deeper into the abyss.

*"...the saving and redeeming work of **Christ as a Sun Being** or a spirit connected with the mystery of the Sun, the eternal spiritual and creative light. Christ leads man back to the spiritual domain through the Mystery of Golgotha in which mankind is resurrected from the physical condition and has begun the upwards journey from matter towards light, transubstantiated by the Soul-I connection or the Christ-being of his inner make-up."*

---

Oppenheimer later stated that while watching the display of the horrific power of the nuclear test he was reminded of a line from the Hindu scripture the **Bhagavad Gita**: "*Now I become Death, the destroyer of worlds*" (11.32) The Manhattan Project was the perfect circle of research scientists who broke into the lower Devachan world without initiation. The Grail Castle and Grail legends have a collection of souls who have experienced the initiation of the moral light of the Christ Being around the destiny of the blood of a God/human. In the Grail Community Angelic and higher **Devachan Light of the Risen Christ** was received as inspiration and communion into the will and courage of the human being.

In the Manhattan Project terrified, fearful and scientific patriotic souls of many different nationalities gathered together, during the horrors of WW II with the opportunity supplied by the advances in technology of the west, armed only with superficial intellectual, paper thin, veneer of moral substance and sterile thinking, ready to serve the beast and open the gates of the lower devachan. Decayed or fallen Light appears in magnetism, electricity

and in the fatal depleted uranium of nuclear poisoned light that literally **eats into the etheric lymphatic system (local saved copy)** and destroys the light re-generator of the the bone marrow.

The Resurrection and the rise of the Etheric Christ in magnificent stages has been set into the foundations of the world within the tangible number 33. On 17 December 1833 **Kaspar Hauser** was stabbed to death; in 1933 was the burning of the Reichstag and the launch of Nazism and the rise of Hitler. At the approach of 1933 the dawning of the experience of the etheric Christ, at the threshold of our higher consciousness had arrived.

It means to this day and ever since the dawn of the 20th century that anyone who imagines that we shall see parading before the cameras a PHYSICAL CHRIST in a PHYSICAL BODY, has failed to understand the magnitude and intimacy of the Etheric Christ experience. As the 30's approached the entire world, Dust Bowl, Nazism, King Kong, The Great Depression, The Gold Standard and the brilliant 'false flag' deception of the burning of the Reichstag hit exactly on the mark of Feb 27, 1933.

The film "The Great Dictator" by Charlie Chaplin locked into the entire world wide distraction and deception that fully upstaged the intimacy of the Etheric Christ event as it approached and dawned. Chaplin managed to reverse the entire message of Nazism to the true message of global brotherhood.

The entire distorted message that broke the surface on the significant date of Feb 27, 1933, when all the lower forces of Germany erupted and all the backroom political deals were made in the U.S. of funding Nazi Germany via Prescott Bush, and the entire **Bush dynasty**, set the stage for money, power and the advancement of the war mentality to a science, all of which became part of the beast's repertoire.

In 1940 Charlie Chaplin brought out [WATCH CLIP] "**The Great Dictator**" and against all odds presented the true message of brotherhood and humanity and the Etheric Christ event that was rising in the background of the basest human instincts. Real freedom is the ability to cope with intangible and mature elements of reality. Real freedom means digging into the depths of the foundations of the Spiritual and the Material worlds.

Like Dalton Trumbo, Charlie Chaplin and countless others have been pursued by and some murdered and assassinated by the machinations of the Beast. The stratagems of how The Soul of America was to be attacked and prevented from attaining a true insight into brotherhood and The Etheric Christ, was hatched in the crooked and demonic forces of the FBI and J. Edgar Hoover who was a pathological psychopath that held power over Presidents and politicians alike.

All the lower instincts and the lower devachan substance of human behavior were tools for manipulation and redirecting agencies and activities against the true revelation of the Etheric Christ. Tapes, pictures and recordings of Congress, Presidents and leaders are

used today with venom to blackmail all those who enter, unprepared in their darkened human instincts to attempt to serve humanity.

Just as Hoover was a gay cross dresser who tried to keep his darker side hidden, so also were the sexual and political crimes, held on file by the FBI, held over the heads of anyone who presumed that they could walk up to the face of Power and pretend they were purely seeking the good of mankind. The best politicians and those who love the lust of power above all else, all have skeletons and hideous deeds in their histories that promote the lies and deception of humanity.

Colin Powell's U.N. pile of lies to press for invading Iraq are very good examples of the manipulation of the beast. Dick Cheney has been one of the finest recent examples of the unmitigated corruption of a human soul by the beast. But America ingested the Anti-etheric light and the naive American soul had no training in higher Devachan moral insights.

*"Chaplin became increasingly concerned with politics. A strong supporter of Franklin D. Roosevelt and the New Deal, Chaplin's film, Modern Times (1936), was seen by some critics as an attack on capitalism. J. Edgar Hoover, head of the Federal Bureau of Investigations (FBI), began compiling a file on Chaplin's activities, including his friendship with radicals such as Upton Sinclair, H. G. Wells, Hanns Eisner, Albert Einstein and Harold Laski.*

*A strong opponent of racism, in 1937 Chaplin decided to make a film on the dangers of fascism. As Chaplin pointed out in his autobiography, attempts were made to stop the film being made: "Half-way through making The Great Dictator I began receiving alarming messages from United Artists. They had been advised by the Hays Office that I would run into censorship trouble. Also the English office was very concerned about an anti-Hitler picture and doubted whether it could be shown in Britain. But I was determined to go ahead, for Hitler must be laughed at." However, by the time The Great Dictator was finished, Britain was at war with Germany and it was used as propaganda against Hitler.*

*During the Second World War Chaplin played an active role in the American Committee for Russian War Relief. Others involved in this organization included Fiorello La Guardia, Vito Marcantonio, Wendell Willkie, Orson Welles, Rockwell Kent and Pearl Buck. Chaplin was also one of the major figures in the campaign during the summer of 1942 for the opening of a second-front in Europe.*

*After the Second World War the House of Un-American Activities Committee (HUAC) began to investigate people with left-wing views in the entertainment industry. In September 1947 Chaplin was subpoenaed to appear before the HUAC but three times his meeting was postponed. Unknown to Chaplin, J. Edgar Hoover,*

*and the FBI, now had a 1,900 page file on his political activities. Hoover advised the Attorney General that when Chaplin left the country he should be allowed to return.*

*In 1952 Chaplin visited London for the premiere of Limelight. When he arrived back he discovered his entry permit revoked and had been denied the right to live in the United States. As Chaplin pointed out in his autobiography: "My prodigious sin was, and still is, being a non-conformist. Although I am not a Communist I refused to fall in line by hating them."*

*Chaplin, blacklisted from making films in Hollywood, responded by making A King in New York (1957). The film stars Chaplin as the deposed king of Estrovia who flees to America where he is tormented by McCarthy style investigations. Chaplin was once again accused of being pro-communist and the film was not released in the United States."*

Dismissing the depth and Science, education and reality of the Spiritual World without a fight is immaturity first and cowardly second. Ignoring the deeper issues of humanity and how we are connected to the depths of an extended Devachan moral world is a literal failure to understand the message of The Matrix. Humanity can find itself submerged in the sub-devachan world of electricity and find that they themselves have sentenced themselves to slavery and extinction.

Oh the education and schooling of the schools of the beast started crudely with Nazi Germany. But these schools of the beast quickly grew and when America ingested the terrible potent secret of fallen light and began developing and nursing this beast, the entire social fabric of America slowly, upon slowly, became infected. For the strategy of the beast, was to outgrow the cumbersomeness of Nazi Germany and nestle its motives and agendas slowly and deeply into the lower psyche of the immoral core of America's unconscious motives. These immoral American drives of greed and Avarice and Vegas and Wall Street motives have created entire new schools of deception. In these unconscious instincts are the causes and reasons for corruption, death, torture and economic disaster at every turn.

Chief to these schools of deception were CIA, Mossad and British nationals who found all that the beast, against brotherhood, whispered as power and aggression in their souls to be worthy of winning riches, fame and fortune in a superficial and debauched media environment and worthy of the envy of men's eyes. And all that mattered was not the moral fabric of humanity, the higher Devachan or the reality of a Sun Being like the Etheric Christ who had walked the Earth as Jesus, all that mattered was the pretense of external success.

The pretensions of what materialism deemed 'the good life'. Never mind that there was very little self observation or depth of insight or courage to ask or seek the roots of disturbing questions, Americans became comfortable with convenient lies. JFK, Weapons of Mass Destruction, The Economic Crisis, 9/11, Global Warming, Heroin and Oil, The Stock Markets, Ponzi Schemes, American Health Care, all countless, countless lies, The Big Bang, Creationism, all convenient lies. The beast found the American Soul easy to seduce and America had much more stepping stone potential to paving the way to the Incarnation of the **Anti-Christ** because most of the leaders were easy marks and always greedy for short term success.

It does not matter to the self satisfied selfish to trace how the physics of mastering the path and way of each human "I AM" in the vast populations of the living and the dead, passed through the world of the stars after death and how the stars themselves and the vast Angelic Community one stage above humanity, helped the Christ organize the incarnation and the lessons of all the billions over the planet. This was such high Devachan physics that to steal and rob and intrude into the Fallen Devachan Light forces of Magnetism, Electricity and Laser and atomic technology, was a robbery that was recognized by the base instincts of humanity as REAL POWER, not the cognitive power to awaken hidden spiritual capacities and creating a school of wisdom and a wide world of educational principles and insights that could reawaken all that slumbered as the good and healing potential in humanity. To the media and culture, such insights appeared uninteresting, boring. The effort to locate the activity of the I AM in the blood; The astral body in the nervous system; The etheric body in the lymphatic system; and map the brilliant Physical Form and Physical body of Human Beings as a potent IMAGINATION of the gods themselves, was left to Rudolf Steiner and The School of Spiritual Science and the Devachan Grail students to defend.

The rich Science of how the supercharged higher devachan light of the Christ entered Jesus, not as a simple man, but as a complex deed of Initiation Schooling and human karma, entered into the human humility and humiliation of a God's sacrifice on Golgotha is all part of the Science of Humanity. The Lord of Karma and the Etheric Christ was charged with lifting the entire genetic Fall of Humanity upwards, so that a Human model of Spirit Man, an advance prototype of what humanity shall become in the distant future, shattered the entire mid-point of human evolution on Earth. Humanity is charged with balancing the depths of its human darkness with the heights of its divine potential by choosing in freedom to walk a line between hellish slavery and the higher education of human Initiation Science.

## Part II

*"Christ took this black sphere into being in the sense of the Manichean principle for the purpose of transforming it. For the angel being in which the Christ had manifested himself since the Mystery of Golgotha the black sphere caused a 'death by suffocation.' This sacrifice by Christ in the nineteenth century is comparable to the sacrifice on the physical plane through the Mystery of Golgotha and can be called the second crucifixion of Christ on the etheric plane."*

*Rudolf Steiner*

---

*[It is the time of the Crucifixion: and the Father of the Crucified has directed towards earth the angels of His heaven, of whom all have departed except the two Seraphim, Ador the Strong and Zerah the Bright One. The place is the outer side of the shut heavenly gate.]*

---

*Ador. O SERAPH, pause no more!  
Beside this gate of Heaven we stand alone.*

*Zerah. Of Heaven!*

*Ador. Our brother hosts are gone—*

*Zerah. Are gone!*

*Ador. And the golden harps the angels bore  
To help the songs of their desire,  
Still burning from their hands of fire,  
Lie without touch or tone,  
Or canopy of angel wing,  
Upon the glass-sea shore.*

*Zerah. Silent upon the glass-sea shore!*

*Ador. Instead of sounding, glittering  
In the shadow from the throne—  
The shadow without form, that meets  
The edges of the crystal sea—  
Awfuller than light derived,  
And red with all those primal heats,  
Whereby all life hath lived.*

*Zerah. Our visible God, our Heaven! and we  
Go thus!*

---

*"O heaven—O vacant throne!  
O crowned hierarchies, that wear your crown  
When His is put away!  
Are ye unshamed, that ye cannot dim  
Your alien brightness to be liker Him,—  
Assume a human passion—and down-lay  
Your sweet secureness for congenial fears—  
And teach your cloudless ever-burning eyes  
The mystery of His tears?"*

*"I see  
Beyond the city, crosses three,  
And mortals three that hang thereon,  
'Ghast and silent to the sun:  
And round them blacken and welter and press  
Staring multitudes, whose father  
Adam was—whose brows are dark  
With his Cain's corroded mark;  
Who curse with looks. Nay—let me rather  
Turn unto the wilderness.*

*Ador. Turn not. God dwells with men.*

*Zerah. Above*

*He dwells with angels; and they love.  
Can these love? With the living's pride  
They stare at those who die,—who hang  
In their sight and die. They bear the streak  
Of the crosses' shadow, black not wide,  
To fall on their heads, as it swerves aside  
When the victims' pang  
Makes the crosses creak.*

*Ador. The cross—the cross!"*

Materialism standing alone as a belief system is illogical. Can such an eclipsing and one sided belief system suffocate higher spiritual vision? Can the predominating education from childhood to adult life become so overwhelmingly one sided that it strangles or suffocates the germinating power of spiritual intuition and spiritual vision?

Well to detail the proof of this question we can look into the entire case of Stephen Hawking. We can take apart everything that is taught at every level of public school on into university, where students from childhood to Sentient Soul and Intellectual Soul levels, from nineteen to twenty-eight years, have the cohesion of how the material and spiritual worlds are clearly interwoven and integrated, shattered into a thousands fragments of Humpty Dumpty. What — is that too wide and sweeping and general for ya?

---

*"In order to understand the Origin of the universe, we need to combine the General Theory of Relativity, with quantum theory. The best way of doing so, seems to be to use Feynman's idea of a sum over histories. Richard Feynman was a colorful character, who played the bongo drums in a strip joint in Pasadena, and was a brilliant physicist at the California Institute of Technology. He proposed that a system got from a state A, to a state B, by every possible path or history.*

*Each path or history, has a certain amplitude or intensity, and the probability of the system going from A- to B, is given by adding up the amplitudes for each path. There will be a history in which the moon is made of blue cheese, but the amplitude is low, which is bad news for mice.*

*The probability for a state of the universe at the present time, is given by adding up the amplitudes for all the histories that end with that state. But how did the histories start. This is the Origin question in another guise. Does it require a Creator to decree how the universe began. Or is the initial state of the universe, determined by a law of science."*

*Speaking at the Berkeley Physics Oppenheimer Lecture in 2007, Stephen Hawking stated he now believes the universe spontaneously popped into existence from nothing.*

---

Well first let me place before our eyes, and indeed placing things before our eyes, and before our pineal eyes and before our calcite crystal brain sand eyes, we place before our eyes the unfolding logic of why this *Etheric Christ Glimpses, Part 2* should concern us, is just because of the illogical lack of cohesion of Materialism itself.

## Rudolf Steiner

---

*"In the centre of the human head within the structure of the brain there is an organ shaped like a pyramid, the pineal gland. This pineal gland, situated in the vicinity of the corpus quadrigemina and the optic thalamus secretes out of itself the so-called brain sand, minute lemon-yellow stones which lie in little heaps at one end of the pineal gland, and which are in fact the mineral element in the human head. If they do not lie there, if man does not bear this brain-sand, this mineral element, within him, he becomes an idiot or a cretin. In the case of normal people the pineal gland is comparatively large. In cretins pineal glands have been found which are actually no larger than hemp seeds; these cannot secrete the **brain-sand**.*

Spirit Man will be formed from the crystal at the pineal gland known as brain sand.

*It is actually in this mineral deposit that the **spirit-man is situated**; and this already indicates that what is living cannot harbour the spirit, but that the human spirit needs the nonliving as its centre-point, that this is above all things necessary to it as independent living spirit."*

---

Logically below the human community are the horizontal animal group souls and various species with their clearly highly developed specialized talents and skills. And the next placement of the phase of logic rises to the clear community of the Angels which stand one stage above humanity. In logical unfolding, including materialistic science of all stripes, we include under the most obvious laws, humanity as the tenth hierarchy with nine hierarchies of ascending and powerful stature that rise above our current media driven sense perception.

<b>GODHEAD</b>	<b>Father Son Holy Ghost</b>
----------------	--------------------------------------

<b>FIRST HIERARCHY</b>	<b>Seraphim Cherabim Thrones or Spirits of Will</b>
<b>SECOND HIERARCHY</b>	<b>Spirits of Motion Spirits of Wisdom Spirits of Form, Creators</b>
<b>THIRD HIERARCHY</b>	<b>Spirits of the Age (Zietgeist) Archangels (Spirits of Races) Angels (Guiding spirits)</b>
	<b>Man Animals Plants Minerals</b>

With this inclusive Logic at our disposal, we have already broke the bounds and chains that bind materialism, and overstepped where all education and university schooling has fragmented, digitalized, pixelized perception, fragmented the soul life, and cohesive Intellect has been successfully blocked, from approaching exactly how the Christ Event and the Mystery of Golgotha maintain a clear cut logical pattern, from Jesus to the Angel Community.

Yet the current mental barriers and failures of logic prevent the entire swath of materialism, loaded with spoiled selfishness on one hand and shattered and fragmented logic; loaded with imploded, shattered and prevented hopes and understanding of childhood and adolescence and on the other hand to careers and Intellectual Soul age fads, fashions, trends and media hype that continue imploding and shattering any inner sense of logic as to how the human community fits into the entire scope of Creation as a system of reality.

Big babies who call themselves scientists and adults continue to breast feed the 'Big Bang' in order to simplify and stupefy and dumb down the entire wave of joy in the quest for knowledge, and crash, fragment and splinter the wreckage of the cohesion and logic of the inner and outer world on the rocks of materialistic fantasy. This challenging terrain is what we call current university education.

The aim of this so called higher materialistic education, when considering the Tenth Hierarchy, is that of disinformation, disenfranchisement and substituting false idols against concrete ideals. It will be convenient for you to worship what everyone else worships. That is supposedly Money, God, Corporatocracy, and Nationalism verging on Facism. You

will be far more comfortable if you exclude the reality, dynamic and intelligence of the Angelic Community. For the Angelic Community cannot square itself against materialism and in any case if there were Angels why have they let us, a part of their divine family, fall into such nightmares of deception?

The purpose of the vast world of Angels and Demons tangled in the sub strata of the human soul is to place each of us in a position of choice and FREEDOM. The game is rigged and the entire deck of cards is stacked against the unarmed soul and that is the intent, to keep the soul unarmed and undefended in itself and never gain a cohesive and solid sense of the order and vast logical system in which humanity has been placed as the Tenth Hierarchy.

This means that before we have even understood our choices we are tossed into the game and given certain preconditions. These preconditions shine a path of jobs, intelligence, sharing the same flattened, beige mental state, the same bleached out intelligence that suits the same materialism that has helped land the west in the current predicament of lies, hypocrisy, Corporatocracy and the deadly game of chicken we are playing with our own fallen Ahrimanic shadows. By excluding humanity as the Tenth Hierarchy, by dismissing the vivid trails that lead us to the vast structure of creation and help us to recognize the various participating worlds around the human psyche, we are taken like sheep to a slaughterhouse.

And every adult in order to fit in at the water cooler and at the local bar, restaurant, club, family gathering and sports event and not stand out as 'different' and consider themselves lucky enough to be awarded a cubicle, to have a job, just like the cubicle that fit Mr. Anderson, Keanu Reeves in "The Matrix" or the film "Office Space", we go into debt to be allowed to get an education and a stamp of approval from the prevalent brand of Ahrimanic Materialism. We are armed with the dull thinking capacity that suits everyone around us and we are free to mock, date, drink and be accepted, because we are numbed by the sheer plethora of media into an Ahrimanic stupor.

What becomes of us, is that we are the Sleeper Cells, we are in our souls dead asleep and walking through the Maya that was depicted in the Matrix and we are shepherded by Ahrimanic thought police. Currently all idiotic talk about how America is out everywhere as an Occupation Army over the whole Earth as an Imperialistic, fascist occupation force of Coporatocracy, stems from how much Ahriman, since Ahrimanic beings were kicked out of the Heavens by **Archai Michael** just after 1879 and thrust down into human heads, and thrust down as an occupation army with their own set of terrorist plans to regain their kingdom through the human soul, we are hosts to a vicious occupation army that distorts and betrays our thinking so that we ourselves betray our own humanity.

Terrorism is the current brand name to mask the Wests fall into Ahrimanic enslavement by losing their intrinsic humanity. It is not if, but when we don't recognize and face Ahriman in ourselves we lose our humanity to cliches, sound bytes and catch phrases that

merely stir dead embers of patriotic puppet behavior. All the while Ahrimanic beings are inside us pulling the strings that we are dancing to.

Rudolf Steiner

*The Mephistophelean nature is strengthened by all the prejudices and limitations of materialism, and a future can already be perceived when everyone will be born with a second being by his side, a being who whispers to him of the foolishness of those who speak of the reality of the spiritual world. Man will, of course, disavow the riddle of Mephistopheles, just as he disavows that of the Sphinx; nevertheless he will chain a second being to his heels. Accompanied by this second being, he will feel the urge to think materialistic thoughts, to think, not through his own being, but through the second being who is his companion"*

---

What happened to **John Nash** and what is happening through materialism, is the densification of the shadow or Ahrimanic double that accompanies humanity. Schizophrenia and a system of abstract equations that represent a REAL universe in "A Beautiful Mind" becomes a mind game plagued by the incessant whisperings of a shadowy Ahrimanic double. This unreal and impossible shadow will densify the longer humanity remains frozen in the clutches of immoral, abstract materialism that justifies our inhumanity and finally makes it into law. In such a current and arising psych-ops culture to think otherwise would require the immediate thought police.

The reading of our gestures, and psychological profiles are the early beginnings of creating the Shadow thought police that become the secret intelligence services of Mr. Smith in the Matrix. We are in the process of densifying and solidifying these Ahrimanic forces in us so that a real shadow will grow out of us and continue to whisper lies, until the lies about our humanity become the daily bread of sustaining the Ahrimanic shadow attached to each and every one of us. And this Ahrimanic Shadow is already here.

We are numbed into slumber and forgetfulness of the logical reality of the Angel Community and our own Spiritual Scientific entrance of our astral bodies and I AM's into the stream of etheric heredity and physical incarnation from the inner **laws of the stars themselves, into the biological laws of our bodies.**

These specific studies and insights have been neglected, betrayed and discarded. Not because there is an error, but because Ahriman works to undermine and deceive any other brand but itself in psychology, economics, medicine, education, agriculture, political science and covert Ahrimanic Central Intel.

The very fact that we disavow the reality of Mephistopheles and Ahriman, as real forces and discount our Angels and refuse to include etheric, astral, and I AM systems or that we shun investigating the Nine Hierarchies above humanity should tell us clearly how our

logic has been hijacked. We happily disavow and dismiss, to our peril, our very own Angels as dynamic inspirations of human intuition. "There's the Rub..." "There's the Rub".

We are forced in our FREEDOM into a pale, mouse like nihilism which cannot determine what is inner and what is outer or what is subjective and what is objective. We force ourselves to accept half-lies about religion and the Christ event, which should clearly bring a deepened Science of humanity. And that is the bind and the true state of Hamlet's Ahrimanic Nightmare. We find ourselves unable to embrace the phase of the Consciousness Soul [*Spiritual Soul*] that we are currently in.

With that written as the ground rules to *Etheric Christ glimpses 2*, we can now grapple with the Christ Event of Golgotha and how it has logically progressed through time. Which means we follow out the well laid out plans of Logic, not miracles, not submerged one sided theories of materialism, not hijacked words like 'intelligent design' but actual design by intelligent cosmic beings.

Not creationism, but overcoming our little narrow brain dogmas and following the line and magnificent construction of the Divine with our wonderful humanly endowed reasoning. We have managed to avoid gaining a wider picture of the universe by failing to review "[Occult Science an Outline](#)" because we prefer not understanding the brilliant super structure of creation and how humanity fits into it. A secondary back up to the research of "[Occult Science an Outline](#)" is the remarkable research work of Kees Zoeteman's "[Gaiasophy](#)" <sup>[3]</sup>. Time and human evolution, the planning and systems where humanity has arisen, remains intimately logical against the arbitrary theories we are fed at university.

If we include the Nine Hierarchies above humanity and the groups souls of the animals and the realm of the etheric plants and silent stones, we find a vast system of logic in creation that would demand that we re-evaluate our entire educational haphazard conglomeration of a primitive mud god idol that we worship, having tossed together, slapped layer upon layer of mud and shaped it into a straw and mud figure we call humanity. We want to be fed simple materialistic fairy tales so we won't be shattered by the stunning logic of the Divine.

How convenient, how cowardly and how so easily brainwashed into the fallen Ahrimanic mockery of humanity we've become. Nobody learns the true IMAGINATION of humanity as the Tenth Hierarchy. The historical events that caused the entire educational system to be plunged into the darkness of the Ahrimanic Imagination of the position that humanity holds with the Christ Event and amidst the higher worlds is the running picture of nihilism and Nietzsche's nightmare.

Only in Nietzsche's nightmare, Ahriman managed to take over the functioning brain of Nietzsche in a horrific act of possession that is now the nightmare that every student must face, as every university teaches the debauched and debased Image of Humanity that Ahrimanic Beings have offered. The entire Ahrimanic educational system mocks humanity as the Tenth Hierarchy and rebukes, suffocates, murders and crucifies for a second time, the very Angel that is carrying the Christ upwards.

---

*"Now and then there arises in human beings of our time a kind of foreboding of what will come about in the future. I do not know what meaning has been read into the chapter in Thus Spake Zarathustra, where Nietzsche writes of the 'ugliest man' in the 'valley of death.' It is a tragic and moving passage. Nietzsche, of course, had no concrete perception of the valley of death into which existence will be transformed when the **spidery brood** of which I have spoken spreads over the earth. Nevertheless, in the picture of this valley of death in Nietzsche's imagination there was a subconscious vision of the future, and within this valley of death he placed the figure of the 'ugliest man.' It was a kind of foreboding of what will happen if men continue to cultivate shadowy thoughts. For their destiny then will be that in hideous shape they will be caught up by the forces of the moon-existence as it comes down into the sphere of the earth and will become one with the brood of spidery creatures of which I have been speaking."*

---

In order to follow the Christ further and recognize the new IMAGINATIONS that are arising out of the cultural and artistic visions of humanity we need to comprehend the transition from Jesus the human being to the Angel community who have carried upwards the revelation of the human events of Golgotha, into the neighboring and intimate world of our own Angels and how our own Angels bleed their experience of the Christ Event for humanity, back into the inner life of our own human sphere.

*"Reference shall now be made to the event in the higher worlds which has led to this altered state of affairs, to this time of a renewal of the Mystery of Golgotha. When we look back we remember what came to pass at the Baptism by John in the Jordan, when Christ revealed Himself in a human form, visible on the earth among mankind. Further, we will fill our souls with the thought of how, as regards His outer form, Christ then united Himself with the Hierarchy of the Angels and has since that time lived invisibly in the sphere of the earth.*

*"Let us remember what has been said — that in the invisible worlds there is no death. Christ Himself, because He descended to our world, passed through a death similar to that of human beings. When He again became a spiritual Being, He still retained the remembrance of His death; but as a Being of the rank of the Angels in which He continued to manifest Himself outwardly, He could experience only a diminution of consciousness.*

*"Through that which since the 16th century had become necessary for the evolution of the earth, namely the triumph of science at higher and higher levels, something which has significance also for the invisible worlds entered into the whole evolution of mankind. With the triumph of science, materialistic and agnostic sentiments of greater intensity than hitherto arose in mankind. In earlier times too there had been materialistic tendencies but not the intense materialism that has prevailed since the sixteenth century. More and more, as men passed into the spiritual worlds through the gate of death, they bore with them the outcome of their materialistic ideas on the earth. After the sixteenth century more and more seeds of earthly materialism were carried over, and these seeds developed in a particular way.*

*"Christ came into the old Hebrew race and was led to His death within it. The angelic Being, who since then has been the outer form assumed by Christ, suffered an extinction of consciousness in the course of the intervening nineteen centuries as a result of the opposing materialistic forces that had been brought into the spiritual worlds by materialistic human souls who had passed through the gate of death. This onset of unconsciousness in the spiritual worlds will lead to the resurrection of the Christ-consciousness in the souls of men on earth between birth and death in the twentieth century. In a certain sense it may therefore be said that from the twentieth century onwards, what has been lost by mankind in the way of consciousness will arise again for clairvoyant vision. **At first only a few, and then an ever-increasing number of human beings in the twentieth century will be capable of perceiving the manifestation of the Etheric Christ — that is to say, Christ in the form of an Angel.** It was for the sake of humanity that there was what may be called an extinction of*

*consciousness in the worlds immediately above our earthly world, in which Christ has been visible in the period between the Mystery of Golgotha and the present day.*

*"At the time of the Mystery of Golgotha something took place in a little-known corner of Palestine, something that was the greatest event in the whole evolution of humanity, but of which little notice was taken by the people of that day. If such a thing could be, need we be astonished when we hear what conditions were like during the nineteenth century, when those who since the sixteenth century had passed through death, confronted Christ?"*

*"The 'seeds of earthly materialism' which were increasingly carried into the spiritual world by the souls who went through the portal of death since the sixteenth century, and which caused more and more darkness, built the 'black sphere of materialism.' Christ took this black sphere into being in the sense of the Manichean principle for the purpose of transforming it. For the angel being in which the Christ had manifested himself since the Mystery of Golgotha the black sphere caused a 'death by suffocation.' This sacrifice by Christ in the nineteenth century is comparable to the sacrifice on the physical plane through the Mystery of Golgotha and can be called the second crucifixion of Christ on the etheric plane. This spiritual death by suffocation, which brought about the extinction of the consciousness of the angelic Being is a repetition of the Mystery of Golgotha in those worlds that lie immediately behind our world. It took place to make possible a revival of the Christ consciousness which was earlier hidden in human souls on earth. The revival becomes clairvoyant vision of humanity in the twentieth century.*

*"Thus the Christ-consciousness may be united with the earthly consciousness of men from our time on into the future; for the dying of the Christ-consciousness in the sphere of the Angels in the nineteenth century signifies the resurrection of the direct consciousness of Christ — that is to say, Christ's life will be felt in the souls of men more and more as a direct personal experience from the twentieth century onwards.*

*"Just as the few who once were able to read the signs of the times and in contemplating the Mystery of Golgotha were able to realize that Christ had descended from the spiritual worlds to live on the earth and undergo death in order that through His death the substances incorporated into Him might pass into the earth, so are we able to perceive that in certain worlds lying immediately behind our own a sort of spiritual death, a suspension of consciousness, took place. This was a renewal of the Mystery of Golgotha, in order to bring about an awakening of the previously hidden Christ-consciousness within the souls of men on the earth.*

*"Since the Mystery of Golgotha many human beings have been able to proclaim the Name of Christ, and from this twentieth century onwards an ever-increasing number will be able to make known the knowledge of the Christ that is given in Anthroposophy. Out of their own experience they will be able to proclaim Him.*

*"Twice already Christ has been crucified: once physically, in the physical world at the beginning of our era, and a second time spiritually, in the nineteenth century, in the way described above. It could be said that mankind experienced the resurrection of His body in that former time and will experience the resurrection of His consciousness from the twentieth century onwards.*

*"The brief indications I have been able to give you will gradually make their way into the souls of men, and the mediator, the messenger, will be Michael, who is now the ambassador of Christ. Just as he once led human souls towards an understanding of Christ's life descending from heaven to the earth, so he is now preparing mankind to experience emergence of the Christ-consciousness from the realm of the unknown into the realm of the known. And just as at the time of the earthly life of Christ the greater number of His contemporaries were incapable of believing what a stupendous event had taken place in the evolution of the earth, so, in our own day, the outer world is striving to increase the power of materialism, and will continue for a long time to regard what has been spoken of today as so much fantasy, dreaming, perhaps even downright folly. This too will be the verdict on the truth concerning Michael, who at the present time is beginning to reveal Christ anew. Nevertheless many human beings will recognize the new dawn that is rising and during the coming centuries will pour its forces into the souls of men like a sun — for Michael can always be likened to a sun. And even if many people fail to recognize this new Michael revelation, it will spread through humanity nevertheless.*

*"That is what may be said today about the relation of the Mystery of Golgotha which took place at the beginning of our era and the Mystery of Golgotha as it can now be understood. From time to time other revelations will be given and for these our minds must be kept open. Should we not be aware that it would be selfish to keep these feelings exclusively for our own inner satisfaction? Let us rather feel that the solemn duty we have recognized through Anthroposophy is to make ourselves into willing instruments for such revelations; and although we are only a small community in mankind which is endeavoring to comprehend this new truth about the Mystery of Golgotha, to grasp this new revelation of Michael, we are nevertheless building up a new power that does not in the least depend upon our belief in this revelation but simply and solely upon the truth itself. Then we shall realize that only a few of us are adequately prepared to declare the following to the world, in so far as the world is willing to listen.*

*"From now onwards there is a new revelation of Christ; we will be ready to acknowledge it; we will belong to the few who will help it to become more powerful, to become lasting; we will base ourselves upon the inner strength of such a revelation, so that it may spread among mankind, for this knowledge will gradually be shared by all.*

*"This is what we call wisdom and some may call folly. To stand firm we need only remind ourselves that this is the time of the second Michael revelation, and remember what was said by one of the early Initiates at the time of the former Michael revelation: What often seems folly to man, is wisdom in the eyes of God."*

Let us translate this insight into a base and solid understanding. The entire Science and Logic of humanity has been narrowed to a dangerous eclipse. Humanity in the world of nature stands as the Tenth Hierarchy. The Angels are at the Ninth Hierarchy. Let us look carefully at the Logic. Stone is the lowest visible kingdom in nature. Plants and foliage are the next visible kingdom, and both the world of stones, metals and precious stones and their families and plants, their forms and their virtues are two separate but evolving kingdoms, each rich with the insights of physical science and etheric sciences. The Animals and their groups and their specialized abilities combine physical, etheric and nervous system designs in mobile entities. The animals include specialized studies of the astral body.

With the film "**Temple Grandin**" we understand the very region of the astral body that humanity has failed to comprehend. The difference between the damaged astral body and the healthy astral body is understanding the nature of the astral body and understanding that in the delicate beginnings of human childhood, **if certain injections with mercury are forced into the forming of the higher senses of the tiniest child, "this that we do to the least of these, we do to the Christ in ourselves as well"** we can bring about a disruption of the cohesion of the astral body as a thinking and organized sense system. [this video was removed by YouTube ~Anthony]

The film about "**Temple Grandin**" and her relation to autism and millions of cases of autism are specialized studies in higher capacities of the astral body that the Angels had created for the divine model of the human being. Autism reveals a special study of the

distortions of our very own higher capacities, savant and genius level capacities that can be disrupted in the organization of the astral and nervous system.

In particular the starry design of the twelve fold nervous system, known as our TWELVE CRANIAL NERVES, are our specific navigational astral body maps that we have brought with us from the stars. Each child brings with them into their biological development and their brain development, a particular overlaid star map that form fits itself into the Twelve Cranial nerves and develops slowly as the astral body is inserted from 7 to 21 years.

---

*"...our Desire Body (that aspect of the astral body which responds accordingly) is to be likened collectively to one great empathetic nerve. Our condition of being in preparedness, or in response, is active and taut; it is sensitive to life itself and familiar with, resonating up and down that nerve to all that awakens its liveliness. For this part of the astral body – as opposed to the uppermost astrality which empathically resonates with the starry body of Christ as mirrored in the Zodiac – this part of the astral body knows and measures life by such responsive due; for this is what it does and is. "*

---

What this means is that the pressing in of the astral body our ability to reproduce children, to have a monthly menstrual cycle and to have the etheric body receive the particular forces of the personality and unique astral forces of the soul, our media life, through our disjointed and bad education and our materialistic parenting instincts we have forced the astral body to enter prematurely. Menstruation sometimes begins in girls at age eight or nine.

These disturbances in the environment and in the astral body disrupt the healthy setting and the placing of the gemstone of the higher personality into the prepared setting of what the parents and environment have supplied as heredity and a living life situation. After the numerous injections from our Ahrimanic medical community have compromised the immune systems of the children, giving them say between 20 to 60 childhood injections before the age of three, we come to another warning that Steiner placed how the Christ Himself attempts, through our human intelligence to guard all children to arise, stand, walk and begin speaking, Christ prepares all human children, while we destroy the immune system and nervous system of those very children. Then, when the damage begins to show itself the adults force the child into Pharma dependency. The new Pharma dependency damage creates a pseudo 'normal' warped personality that do not show the obvious radical cracks that have been created in the astral and nervous system.

---

*"Such a feeling as can live in our souls when we see a little child learning to stand upright and to walk has most certainly a deep religious background. We should often call to mind why the child walks and realize how we must thank the Christ-Impulse for it. Then we have enriched our conception of the world through*

*Spiritual Science and acquired a feeling for our environment which we could not possess otherwise. Through Spiritual Science we take note, as it were, of the protectors and guardians of a child's growth and development and see how the Christ-Force radiates around his being."*

---

There are clear cut attacks underway to disrupt, distort and shatter the healthy cohesion of the astral body because of the fact that our relation to our Angels, (for it is they that had designed our Nervous systems in the Old Moon evolution), it is our relation to the Angel Community that now carry the forces that are revealing the cultural and intimate IMAGINATIONS, films and media that reveal super heroes with distorted higher powers, eternal vampires, Archangels, Angels, and Angels and Demons, elemental beings and clairvoyant capacities. However these creations and interpretations of the Angelic Community come through the distorted thought and picture process of human beings who are catching higher waves of insight they cannot bring into healthy order in themselves.

The Angels were always called The Sons of Twilight. We are now being challenged via a back door channel of black romanticism, the occult romanticism of having immortal vampire lovers and an entire Vampire fan base that has linked everything about the Angelic Community to the astral development of silly sensual attractions of our immortal Dark Lovers. "Twilight Saga: Eclipse", like so many other fads, like Michael Jackson's fan club has opened themselves to seeking some immortal dark fairy tale of themselves that allows them to keep their youthful sensuality, but does not allow them to see into the real spiritual history of humanity and gain insight into the true Angelic Lovers that we have that now are forced to appeal to our lowest instincts because our higher Intelligence has been thwarted by bad taste and fatal flaws in human courage and education.

---

*"Looking from man upwards to higher kingdoms, we have to begin with three kingdoms which interest us. In accordance with Christian esotericism, we call the kingdom immediately bordering on the human the realm of the Angels they are also called **Spirits of Twilight**. Then there is a second kingdom, higher than the Angels, the kingdom of the Archangels; they are also called the Spirits of Fire. Lastly there is a still higher kingdom, that of the Archai (Original Forces or First Beginnings), called also the Spirits of Personality. These are the three kingdoms next above man.*

*"When we observe a man of the present day clairvoyantly we see that his astral body really consists of two parts, namely, the part that is already under the control of the ego and the part he is not yet able to control. This latter is still filled with lower forces and impulses, and when the ego drives these out all kinds of powers are added to the astral body. In order that the astral body should not be destroyed by the lower forces it must always be permeated and suffused by higher beings who control it in the same way that man will control it in the future when he has attained the goal of his evolution. The beings whose task it is to control that part*

*of the astral body which is still uncontrolled by man are one stage higher than he is, they are the **Angels, or Spirits of Twilight**. In fact one such Spirit watches over every human being, and this Spirit has power over the astral body; it is therefore no childish idea, but profound wisdom, to speak of guardian angels. These guardian angels have a great duty to perform."*

---

Being awash in such uncharted regions sets humanity adrift with no ability to center themselves on just what in the intimacy of our own quiet lives allows us to read the intimate script of our Angels as they and WE are caught in the swirl of the ZeitGeist and the Archai Michael. All of which is considered merely fantasy by materialism, which is in itself, as materialism, a complete failure of logic and in itself a decadent mud idol thrown together by Ahrimanic beings.

It is humanly logical to include the events in the Angelic Community since the Christ experienced events of the Crucifixion in and through our very own Human Community, and experienced the Resurrection and his rising into the Angelic Community through the fact that Christ wore a human form. Christ has taken all our human experiences with Him, so the intimacy of the Angelic Community is now rayed through with all the values of our higher humanity.

However, we as humanity, are still trailing way behind in our logic. We are still teaching in every medium of education an Ahrimanic Imagination of the human being and nowhere in this piecemeal ahrimanic fantasy is the revelation of humanity as the Tenth Hierarchy.

The tragic consequences of how materialism eclipsed and overwhelmed the Angel that held all our divine human experiences gathered by Christ from Golgotha is now repeated through countless human tragedies, until such time as humanity catches up to the current workings of **THE ANGELS WORK IN THE ASTRAL BODY OF HUMANITY**.

Currently in particular the Vampire Saga, "**Twilight Saga: Eclipse**" is directly in line, directly on line, directly dead center on the study of **THE ANGELS WORK IN THE ASTRAL BODY OF HUMANITY**. In order to understand the current of unconscious black romanticism that has been sucked down into the lack of understanding that humanity refuses to take hold of, we have to go over with a fine tooth comb the stirring study called **The Angels Work in the Astral Body of Humanity**. This will help anyone who is still forcing the Angelic and higher worlds to be pressed down through the density of dark human understandings of immortal beings and **TWILIGHT** and **SONS OF TWILIGHT** and distorted, darkened insights into the occult to gain an accurate perspective of the true workings of **The Angels in the Astral Body of Humanity**. It is essential to gain a clear understanding or our intelligence and human understanding will continue to sink.

The point is that we can be flooded with imaginations through films, flicks and cinema that will indeed reveal fragmented pictures and distortions of **The Angels Work in the Astral Body of Humanity**, but it is our own human destinies and our own lives and the

intimacy of the laws of the logic of the advance foundations of Spiritual Science that can antidote and clear up the facts from the fantasies. Without Spiritual Science logic in the mix a healthy relation to the Angelic Community is in horrific jeopardy and this jeopardizes the deeds the Christ has accomplished for the whole of humanity.

We can study at universities and come away with a dense eclipsed vision of materialism, that will precisely push us into the experience of hopelessness and vacancy, soul death and eclipse that the Angel Community experienced as Christ passed through their region. This is something that is better experienced consciously than unconsciously. However the Christ carried with Him all the human living, and wrenching forces that only this Super Divine Being, a Sun Being could bring to the hierarchies.

It is Christ who won for humanity and who created the model of the immortal I AM for humanity, restructured the fall of humanity to make way for the unfolding of higher stages of development that starts with the human I and unfolds transforming Spirit Self-hood of the astral body into the Angelic Community; transforming Life-Spirit of our etheric bodies into Archangel cognition and finally at the very base of matter itself, transforming Spirit-Man, transforming the physical body itself into a higher Divine Being. All these cosmic facts and Spiritual Science transformations were wrought on Earth by the Christ Being and carried up into the Angelic Community by the Angel who bore the Christ Being. Just as our own human Jesus bore the Christ in the realm of humanity so after Christ had suffered the extremes of Earth life and death, he entered with his human experiences into the Angelic Community.

This is just the advanced logic of coming to terms with the shocking reality that there is a foundational order in the universe, from stone, plant, animal, HUMAN, to Angel, Archangel, Archai and that we have miserably failed holding up our end of the bargain. We are failing in developing the depth and vision of the Consciousness Soul [*Spiritual Soul*] enough to expand the dysfunctional borders we have created through our materialistic fantasies that literally imprison ourselves behind a wall of self-satisfied and self-created materialism. This imprisoning and eclipse magnified a thousand fold is not only what autistic children experience as hyper torture of their sense systems, but these hyper experiences of Post Traumatic Stress Disorder and hundreds of nervous disorders are just a glimpse in human terms of what our Angelic Community is experiencing.

But because Christ has taken our Human and Divine experiences from the Earth with Him upwards into the Angelic Community, humanity will be forced to experience the horrific tragedy that we inflict by our ignorance through out the human, natural and divine worlds.

What our Angels and the Angel Community experienced of the eclipse of the Christ Being's Angel, humanity is experiencing spread out a hundred fold in tragedy, in covert **Ahrimanic Pharmaceutical attacks on our children** [this video was removed by YouTube

~Anthony]; in vast Luciferic distortions of true human moral clarity and courage; and in the undermining and brutal Ahrimanic occupation of our Intellectual Souls by fallen Ahrimanic beings.

These Ahrimanic beings were exquisitely represented by Mr. Smith in the entire Project for a New Ahrimanic Century or better called Project for a New Ahrimanic Humanity offered by the "Matrix Series".

The Ahrimanic forces are working to undermine the entire healthy understanding of the Intellect and Consciousness Soul region of humanity by presenting every distortion of materialism, nationalism, racism, genetics and horrific inhuman and terrifying weaponry in it's arsenal, through disinformation, shills, lies, torture, murder...it matters not, the Angels message of the Christ Being must not get through to humanity in a healthy logical form. That is the mission of the Ahrimanic invasion force and appropriate cosmic terrorists that occupy the region known as the human Intellectual Soul. And to the fantasy of materialism, there is no such region as the Intellectual Soul, therefore there are no such beings, ahrimanic beings, who have leeches themselves into our souls as cosmic parasites.

If we as humanity took the healthy vision of the Etheric Christ and the logic of the Angelic Community that is absorbing the Christ in it's realm now, and waded out into the Science of the Spirit to meet them, we would know how to SEE Ahriman in the workings of the soul of humanity and in our individual soul structure and be able to antidote it. This could be easy, fun and without a doubt, given the conditions today, dangerous.

Because in the case of Ahrimanic infringements into human freedom, Ahriman can only act and disrupt and cause the tragedy it causes in humanity because humanity refuses to face Ahriman in itself and face-off with our own Ahrimanic double and literally look at it, even if it is us, and say wisely, *Get Thee behind us Ahriman, for humanity comes first before lies* [this video was removed by YouTube ~Anthony]. We must learn to know the liar that we are and the lies we continue to disseminate and realize that even that mature confrontation in ourselves prepares us to hold our humanity through the dark passage that our Angels and the Christ Angel has already passed through.

The fatal error, as with all Spiritual Science facts, is that by thinking that Christ removed the sins of humanity at His Crucifixion and Resurrection in the realm of Earth, and that the Angel of Christ has already suffered suffocation and eclipse due to Ahrimanic materialism, that all humanity is required to be is complacent. On the contrary, humanity is living through and recreating the very errors that will cause the tragedy to engulf us further because in fact we have Intel into the Angelic Community events and we have Intel that vast Ahrimanic legions of forces have been thrust into the human intellect and now operate within human Intelligence as a mimic and deceiver of human intelligence. And this is confirmed every single day in every media event and every encounter we have.

---

*"If you really dwell on this in your soul, you will be able to give due consideration to two aspects which will be extraordinarily important for the future. Remember we said yesterday that in 1879 ahrimanic powers of a special kind descended from the heights of the spirit into the realm of human evolution, and specifically into the evolution of the human intellect and soul. These powers are here, they are living among us. They seek above all to take possession of our heads, of anything we think and inwardly feel. **They are angelic Spirits, I said, who cannot continue their development in the spiritual world and want to use human heads to continue to develop in the immediate future.** It is therefore particularly important that this line (blue line in Fig. 11a) of secret, hidden soul development is given due attention. As I have told you, many people probably do not want to give it conscious attention; they would far rather it stayed down below, so they need only concern themselves with material things. If it is not given attention, those ahrimanic powers will take hold of this very process of growing inwardness. This is one thing we must take into account. We must be ready to face the danger soon to come in the evolution of civilization, and stand guard in our most holy, inner human reality against the influences of ahrimanic powers."*

---

Finally, because this updated Intel has been given to humanity, humanity is now responsible for damage control and adjustments. Humanity must critically review education, religion, science and most of all Art and the Imaginations that Art and inspiration send vividly coursing through the veins and life blood of humanity. **Education must become an Art** [removed: "ken\_robinson\_says\_schools\_kill\_creativity.html" ~Anthony], and topping the list, humanity must study what the **Angels goals and dangers** are in relation to the unfolding of their mission and our mission. Once any serious understanding of humanity as the Tenth Hierarchy is maintained than the serious position of humanities ethical and moral education to our fellow human beings becomes acutely clear cut. Humanity does not live by bread alone but by the very inspirations, imaginations and accurate Intel of the Science of the Spirit in the ongoing development of the Christ Revelation and our job as the Tenth Hierarchy is to revise and review the new Intel that places us currently under the Archai Michael's Zeitgeist systems organization.

## Notes

1.  This saying, actually used in some circles today and historically in military situations, got its beginning during the terrible persecution that Christians suffered in 13th Century Europe. The freedoms we enjoy could not be imagined in that world over seven hundred years ago. It is important for us today, to know the hard-hearted mindset of those who opposed the Truth fueled by the evil machinations of a Machiavellian-style papacy in Rome.

The policy set by Rome at that time is still in force doctrinally. This is known as "Nulla salus extra ecclesium" ("Outside the Church there is no salvation.") It was "open season" on those who taught any doctrine other than that which the Pope allowed and this made such people enemies of the Catholic Church.

In 1210 AD, Pope Innocent III unleashed "orders of fire and sword" against a group of heretics throughout Europe, mostly remembered as Cathars. Of special note, at the great city of Beziers, France there was a terrible massacre of heretics. Though the actual count will never be known, it is thought that perhaps 100,000 people were ultimately slaughtered. The papal forces besieged Beziers and all inside were commanded to surrender and repent. The heretics inside, also known as Waldensians or Albigensians, were believers in a widespread form of gnosticism which threatened the greedy and materialistic goals of the Papacy.

According to a Catholic source, "Caesarius of Heisterbach: Medieval Heresies," after the city was taken, at a cost in life of thousands of defenders, about 450 heretics were "examined" by the inquisitors and many of them claimed to be Christians rather than being heretics and would not repent. Others claimed to be good Catholics and did not want to die. Fearing the possibility that these were lying, must have caused the infamous phrase to first be uttered. In Latin, "Neca eos omnes. Deus suos agnoset" or "Kill them all. God will know His own." This was a misunderstood

reference to **2 Tim. 2:19** which in part reads, "*The Lord knoweth them that are his*" (KJV). About fifty were hanged, the rest were burned to death. At this time, most Catholics felt that life on earth was simply a brief interlude to prepare for the hereafter. If one led a godly life, God would know of it, and the reward would be eternal paradise. So, this statement made perfect sense according to the concepts of Catholic righteousness. If every single soul in Beziers were killed, the good would go to Heaven and the evil would go to Hell, and so the papal killers were doing God's work. The New Testament says, **John 5:22**, "*For the Father judges no one, but has committed all judgment to the Son,*" (NKJ) And, obviously, man is not to murder (**Luke 18:20; James 2:11**).

*From this you will be able to conclude that Manicheism will endeavour, first and foremost, to preserve purity in outer life; for its aim is to produce human beings who will provide an adequate vessel in the future. That is why such great stress was laid on absolute purity of mind and of life. The Cathars were a sect which rose like a meteor in the twelfth century. They called themselves Cathars because 'cathar' means 'pure one'. They strove for purity in their way of life and in their moral attitude. They had to seek catharsis (purification) both inwardly and outwardly in order to form a community which would provide a pure vessel. That is what Manicheism was striving for. It was less a question in Manicheism of the cultivation of the inner life — for life will flow onwards through other channels — but rather the cultivation of the external form of life.*

*~Rudolf Steiner, [The Temple Legend](#), ch6, Manicheism*

### About one day in Montsegur, 16 March 1244

From: Roland van Vliet's book 'Manichaeism, An Early Christian Church', p. 350-352 (quote taken from an internet forum in the public domain)

---

*...For Augustine, as the opponent of the Manichaeian truth, love for one's fellow man is subordinate to love of reason: 'The more a friend uses his intelligence, the greater one's love for him.' (272)...This threatens to result in calculating love: only by actions of compassion, may we ourselves count on compassion. (274) ...*

*By this qualification of love, the radical aspect of the Sermon on the Mount is lost: '**love your enemy**', as the Manichaeans wished to profess that radical aspect as the spirit of love of primitive Christianity.*

*In the Manichaeen church the 'nous' was as 'right thought' at the service of bringing to its development that which Christ in his life had already lived out: an all-embracing love for the suffering World-soul in all beings. Mani said expressly that it was a greater blessing for a man to give himself in that all-embracing love of his neighbour, than that he, simply devoting himself to self-realisation - which, in that case, is not the true realisation of love -, withdraws from the world. (278)*

*[editor: it is an important distinction, but is it not about resolving the dichotomy and that both aspects can only and need to go hand in hand]*

*A Christian religion of the future can only be a Christianity of love in the unfolding of its basic intention. Love cannot be a captive or a sort of second-hand activity carried out instinctively or as a duty, but it is unconditionally the complete commitment of the whole personality in a free gift to one's neighbour. Love presupposes freedom, so that the Christianity of freedom can be a Christianity of love.*

*The Manichaeen-Cathar Christian essence wished to prepare this Christianity of Christ in the development of the human race, (but **had to experience in times past, because of its premature nature and therefore its maturity before its time, that it was persecuted** and stung by the insect of intellectuality), that as a new capacity would offer man greater possibilities to husband the world, while Mani's wisdom wanted to be a herald with a clear voice declaring unselfish, self-sacrificing love: 'For the apostle too sacrifices himself for his church. For that reason too, he calls the church, for its part, love (as) it is written: "There is no greater love than this, that a man lays down his life for his fellow man."' (279)*

*Just as once in the morning, in the period that followed that of the persecuted Manichaeans, on the 16th of March 1244 in the orange red of the dawn, 205 Cathars, grown lean from lack of food, stepped up to the stakes prepared for them at the foot of Montsegur that rose up above them, and from which they had just descended, and sang, to the astonishment of the soldiers, who accompanied them.*

***They were sacrificing themselves for a future Christian life of freedom and love, in the trust that in a future life, when the laurel tree shall blossom once more, (280) their inquisitors shall also partake of that life.***

2.  At Trinity New Mexico, Oppenheimer released the Beast, hoping for his own mortal salvation by dedicating a poem to the very Trinity he assaulted with poisoned nuclear light. Oppenheimer clung to the name Trinity, and created a new GRAVE

MARKER on the Earth for pilgrims of the nuclear age. Through Truman and Oppenheimer another desolate tomb was raised in the far West. The location of that tomb was based on the fourteenth Holy Sonnet written by John Donne. Oppenheimer clung to John Donne, a 16th century English poet and sermon writer for America's Salvation. Donne's sonnet started, "Batter my heart, three-personed God." Transubstantiation (in Latin, transsubstantiatio, in Greek μετουσίωσις metousiosis) is how substance, and matter becomes transformed either to the Holiness that liberates the hidden Spirit in matter; or by means of decayed, decimated and fractured LIGHT without LOVE, that poisons the very roots of matter, flesh and Earth. Christ at Golgotha with the THREE CROSSES planted on the Hill of the Skull began the process of the transubstantiation of matter into Spirit. Love and Light raised from the core of the human being to our highest potentials are the absolute secret of THE TRINITY and the transubstantiation of matter recorded in all Grail Legends. Trinity and Neo depict an entirely new path of transubstantiation of magnetism, electricity and light for all of us. In Neo and Trinity we are looking at a futuristic re-stylized Grail adventure caught in the labyrinth of Earth's decayed and fallen electricity and light. The characters of Trinity and Neo in "The Matrix Series" portray potential confrontations humanity may have with fallen electricity in a future Bodhisattva Initiation. Transubstantiation of Light, electricity, magnetism and matter through Love Itself were first won by Christ at Golgotha. ~ Bradford Riley

3.  Kees Zoeteman is the Netherlands' Deputy Director-General for Environmental Protection at the Dutch Ministry of the Environment. He has written a fascinating book called Gaiasofie - published in 1989 and translated into English two years later as Gaia-Sophia (Floris Books, Edinburgh, 1991) or Gaiasophy (1991; Lindisfarne Press, Hudson, NY) .

Using the study of ancient myth and spiritual traditions (Plato, Kepler, Goethe, and especially anthroposophy) regarding the earth's origin, Kees argues that ecology needs to be supplemented by "gaiasophy," which he defines as "the knowledge and wisdom of the living earth." He argues that until we fully understand the spiritual, as well as the physical, anatomy of the earth, we shall not be in a position to address the various environmental and social questions posted by the ecological crisis. The earth is a mirror of humanity as human beings are a mirror of the earth, and a deeper understanding of Gaia can only arise from a deeper understanding of ourselves.
