

# The Long Range Matrix Agenda and What We Can Do About It

Despite, or perhaps *because* of, all the censorship by the MSM and Big Tech of anyone who dares to have a different opinion about the COVID vaccine, lockdowns, masks, election fraud, etc, more and more people are starting to “wake up” and see through the lies of official [cancel] culture and formulate opinions that go beyond the “narrative”. Many people, in their search for truth, were “red-pilled” over the past year, as they kept seeing how things stopped making sense, and began asking WHY and what the deeper long-term agenda of the cabal is—beyond the obvious global loss of basic human rights and overwhelming Orwellian control measures and medical tyranny.

There are various levels to look at what the long-range matrix agenda could be. Here are some possible scenarios in a nutshell [and it certainly is not the whole picture]. Based on connecting the dots over the past 25 years, my own insights, and a lot of what I’ve written about over the years being confirmed, I see two major trajectories unfolding from a 3D and 4D Matrix perspective which I have already explored in more depth in older [articles](https://veilofreality.com/articles/) (<https://veilofreality.com/articles/>) and [videos](https://veilofreality.com/videofilm/) (<https://veilofreality.com/videofilm/>). We are moving towards the “end game” at an accelerated rate.

## The 3D Agenda

On a basic 3D level, it is about depopulation and eugenics and killing off billions of humans over a period of time. To the psychopathic elite, most humans are just useless feeders, expendable commodities who take up too much space and resources. They also have convinced themselves that overpopulation is a necessary environmental problem to solve and see themselves as the Gods who can solve this problem for humanity. They want fewer people and fewer families—and ideally living on as little land as possible so they can use it to grow monocrops of GMO food. It's as simple as that.

Then, the “Great Reset” comes in with the long-range goal of installing a communist-style Technocratic One World Government where *“you’ll own nothing and you’ll be happy”*, there will be no personal or private property, and you will earn things based your score on a social credit system, with complete surveillance of every aspect of your life [we are already in portions of this now], where they can literally control people grids of people with A.I. implants (possibly through nanoparticles injected like a “vaccine” as Elon Musk already hinted at with his company Neuralink (<https://veilofreality.com/transhumanism-the-consciousness-trap/>)) through a “Sky Net” Satellite grid.

How could they immediately install the “software” for such a grid and kill a big portion of the population at the same time?

Create a bogus pandemic [i.e. we already know that covid is not worse than the bad flu and has a survival rate of 99.97%] by exaggerating the numbers (<https://blog.nomorefakenews.com/2021/02/02/official-covid-death-numbers-the-fraud-the-killing/>), produce false positives via useless PCR tests (<https://blog.nomorefakenews.com/2020/12/31/the-criminal-who-blows-its-own-cover-fake-pcr-test/>), count regular flu cases as Covid (<https://blog.nomorefakenews.com/2021/03/01/massive-number-of-flu-cases-are-re-labeled-covid-cases/>), and most importantly install a collective fear program (<https://veilofreality.com/2020/02/28/corona-fear-virus-and-the-forces-of-illness/>) via a massive global propaganda campaign, and then present the “solution”, which the masses will gladly accept based on the good ol’ Hegelian Dialect of problem-reaction-solution: a “vaccine” that will modify RNA/DNA and weaken the body/immune system over time [years and decades from now] making people systematically more vulnerable to any other viruses/diseases in the future.

*"They are using the term "vaccine" to sneak this thing under public health exemptions. This is mRNA packaged in a fat envelope that is delivered to a cell. **It is a medical device designed to stimulate the human cell into becoming a pathogen creator. It is not a vaccine.** Vaccines actually are a legally defined term under public health law; they are a legally defined term under CDC and FDA standards. And the vaccine specifically has to stimulate both the immunity within the person receiving it and it also has to disrupt transmission.*

*And that is not what this is.*

*They have been abundantly clear in saying that the mRNA strand that is going into the cell is not to stop the transmission, it is a treatment. But if it was discussed as a treatment, it would not get the sympathetic ear of public health authorities because then people would say "what other treatments are there?" The use of the term vaccine is unconscionable for both the legal definition and also it is actually the sucker punch to open and free discourse...*

*Moderna was started as a chemotherapy company for cancer, not a vaccine manufacturer for SARSCOV2. If we said we are going to give people prophylactic chemotherapy for the cancer they don't yet have, we'd be laughed out of the room because it's a stupid idea.*

*That's exactly what this is.*

***This is a mechanical device in the form of a very small package of technology that is being inserted into the human system to activate the cell to become a pathogen manufacturing site.*** *And I refuse to stipulate in any conversations that this is in fact a vaccine issue. The only reason why the term is being used is to abuse the 1905 Jacobson case that has been misrepresented since it was written.*

*And if we were honest with this, we would actually call it what it is: it is a chemical pathogen device that is actually meant to unleash a chemical pathogen production action within a cell. It is a medical device, not a drug because it meets the CDRH definition of a device.*

*It is not a living system, it is not a biologic system, it is a physical technology – it happens to just come in the size of a molecular package. So we need to be really clear on making sure we don't fall for their game. Because their game is if we talk about it as a vaccine then we are going to get into a vaccine conversation but this is not, by their own admission, a vaccine.*

*As a result, it must be clear to everyone listening that we will not fall for this failed definition just like we will not fall for their industrial chemical definition of health. Both of them are functionally flawed and are an implicit violation of the legal construct that is being exploited. I get frustrated when I hear activists and lawyers say “we are going to fight the vaccine”. If you stipulate it's a vaccine you've already lost the battle.*

***It's not a vaccine.***

***It is made to make you sick... 80% of the people exposed to SARSCOV2 are asymptomatic carriers. 80% of people who get this injected into them experience a clinical adverse event. You are getting injected with a chemical substance to induce illness, not to induce an immuno-transmissive response. In other words, nothing about this is going to stop you from transmitting anything.***

***This is about getting you sick and having your own cells be the thing that gets you sick.***

*When the paymaster for the distribution of information happens to be the industry that's doing the distributing, we lose. Because the only narrative is the one that will be compensated by the people writing the check. That goes for our politicians... and our media – it has been paid for – if you follow the money you realize there is no non-conflicted voice on any network.”*

*– Dr. David Martin*

Here is an excellent presentation by Jay Dyer about the depopulation agenda and what the Luciferian globalist's plan is for the next ten years. No conspiracy theory here but in their own words and actions:

(<https://banthis.tv/watch?id=606f87a6b24e6a11ab3a610c>)

Many short-term complications and cases of extreme adverse reactions, deaths, and miscarriages on pregnant women are already surfacing. However, the real danger lies in long-term effects years and decades down the road.

*“As of February 4, 2021, the U.S. Vaccine Adverse Event Reporting System (VAERS) had received 12,697 injury reports and 653 deaths following COVID-19 vaccination.*

*Of the cases reported between December 14, 2020, and February 4, 2021, 3.69% were life threatening and the number of deaths account for 5.14% of the total reports. The Pfizer vaccine accounted for 58% of deaths; Moderna’s accounted for 41%.*

*What’s more, when you look at vaccine-related deaths between January 2020 and January 2021, you find that **COVID-19 vaccines account for a staggering 70% of the annual vaccine deaths**, and that’s while having been available for less than two months. The first doses of Pfizer vaccine were given in mid-December 2020, while Moderna’s vaccine rolled out during the last week of December 2020.*

***While these numbers are staggering, they’re likely only a tiny fraction of the actual number of adverse events. According to a U.S. Department of Health and Human Services study, fewer than 1% of vaccine adverse events are ever reported to VAERS.***

*This is primarily because VAERS reporting is voluntary. Many don’t even know it exists, or that you don’t have to be a medical professional to file a report. **This would mean that there may, in reality, be over 1 MILLION COVID vaccine injuries, since 99% typically go unreported.**”*

## **Number of Injuries Reported to CDC After COVID Vaccines Climbs by Nearly 4,000 in One Week**

*Between Dec. 14, 2020, and Feb. 18, 2021, 19,907 reports of adverse events were submitted to VAERS, including 1,095 deaths and 3,767 serious injuries.*

(<https://childrenshealthdefense.org/defender/injuries-reported-vaers-climbs/>).

Below is probably the best video I've seen about the Covid vaccine based on FACTS [many of which I shared many times before]. Share this video with anyone who is still considering getting the v@cks. However, many people you won't be able to reach even with this video due to severe cognitive dissonance and brainwashing.

My prayers go out to the ones who took the j@b already for they are truly lab rats [with detrimental long-term effects for generations to come] and never had to take it, to begin with, for reasons shown in this video as well.

The one question that is being asked at the end of the video of WHY? is being left unanswered but the answer is sitting there like the unacknowledged elephant in the living room no one wants to look at and see for it is disturbing and evil. Most people don't have the psychological-emotional capacity to admit the answer even if the truth stares right into their face but just dismiss it as "crazy conspiracy" while they voluntarily take part in a massive depopulation eugenics and social engineering program.

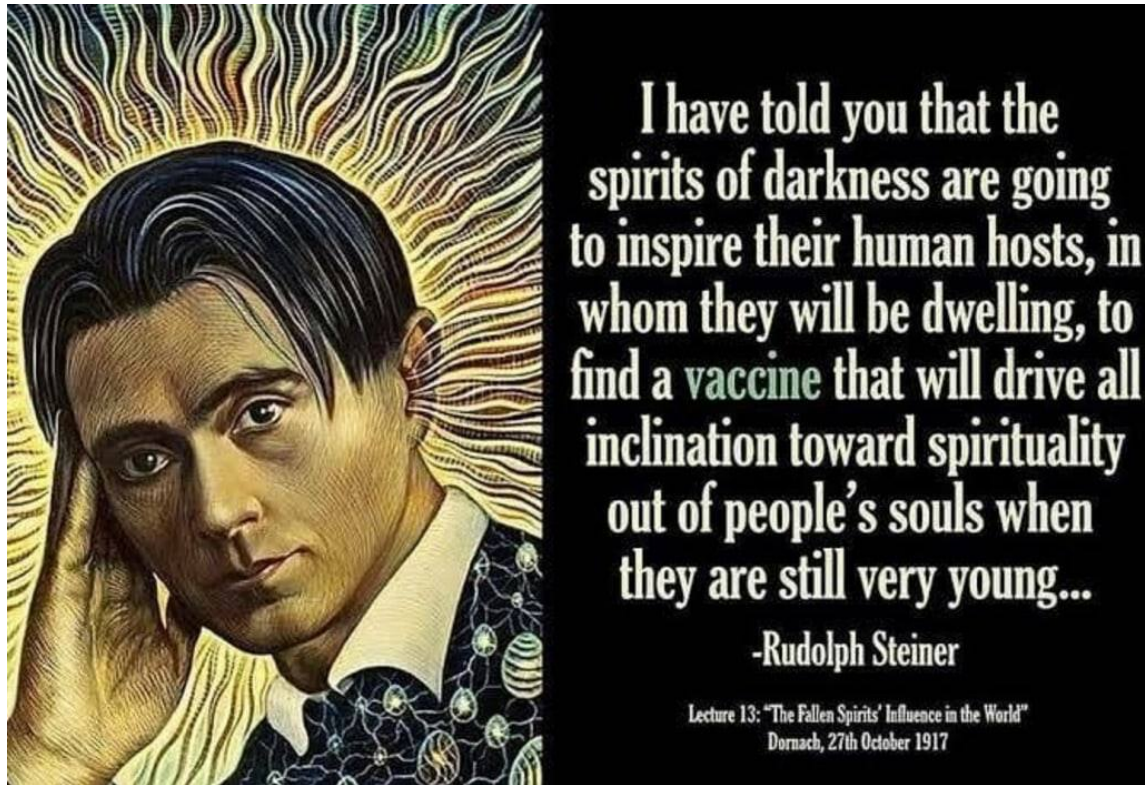

On top of creating more sickness and death cases, their agenda is also about sterilizing as many women as possible, which ties into other agendas like the ongoing feminization of men via a vegan soy/fake meat diet [brought to you by Bill Gates as well] and generally just a plan to destroy the family unit as the fabric of society as it tends to be an obstacle for socialist/Marxist ideologies.

Combine the vaccine with nanoparticles that can be activated at any point in the future [5G] and you literally can remote control people's behavior [emotions/feelings] who took the vaccine, besides just killing them off [if necessary]. This is nothing new. The technology already exists in black budget programs way beyond any mainstream "official science".

## The 4D Agenda

I've written about the agenda from a 4D occult hyperdimensional perspective (<https://veilofreality.com/portfolio/the-matrix-of-control-beyond-its-3d-manifestation/>) in more depth in my essay Timeline-Reality Split, Frequency Vibration, and the Hidden Forces of Life (<https://veilofreality.com/2016/08/02/timeline-reality-split-frequency-vibration-and-the-hidden-forces-of-life/>). In a nutshell, it is about full take-over of the physical vehicle [body] by the occult anti-divine forces, priming and genetically modifying human bodies [via vaccines, hormone therapy, transgenderism/gender confusion

(especially in children), transhumanism, GMO food, fake meat, etc.] for “incarnational opportunities”. In short, full-on body-snatching and possession via dislodging the spirit/essence from the body. This is a program of “hybridization”—which is priming humanity’s transmutation into shell-vessels for hyperdimensional possession.

It’s been the long-range goal and agenda that started tens to hundreds of thousands of years ago via genetic modification experiments conducted by “the Predator from beyond the stars”. It’s the ultimate “alien invasion” through our bodies.

*"...In ancient Greece the whole body was filled with the whole soul, and they were in agreement. **Today this is not the case, for the bodies are partly empty.** I am not saying anything derogatory about empty heads; they will stay empty as part of evolution. In reality, however, nothing stays empty in this world. The heads are merely empty of something which was destined to fill them at another time. Nothing is ever completely empty.*

*With the human soul withdrawing more and more from the body, the body is increasingly in danger of being filled with something else. **And if human beings are not prepared to take up impulses which can only come from spiritual knowledge, the body will be filled with demonic powers.***

***Humanity is facing a destiny where the body may be filled with ahrimanic demonic powers.** So we have to add to what I said yesterday about future development: there will be people in future who are Tom, Dick and Harry in ordinary life, which is something determined by social circumstances, but their bodies will be empty to such an extent that a powerful ahrimanic spirit can live in them. **One will be meeting ahrimanic demons. human beings will not be what they appear to be.** The individual person will be deep down inside, and outwardly one will get a totally different picture.*

*This shows the complexity of life to come. **It is reasonable to say that there will be situations in future when it will be difficult to know who one is dealing with.** Ricarda Huch's longing for the devil really arises from what will be coming in the future. The institutions and ideas, especially the social ideas people have today, are abstract and crude; they are clumsy in the face of the complexities that are lying ahead. And because people are not able to have ideas or concepts about the true nature of things, they are sliding more and more deeply into chaos.*

***...There will be vast numbers of people in future...[whose] concepts, ideas and actions will be based on the outside world around them and on the fact that their bodies are being filled with the ahrimanic [demonic] spirit which wants them to form such ideas.***

*We should not fool ourselves, for we are faced with a quite specific movement. At the Council of Constantinople it was decreed that the spirit did not exist; it was dogmatically stated that the human being consisted only of body and soul, and it was heresy to speak of a human spirit. **In the same way attempts will be made to decree the soul, the inner life, as nonexistent.***

*The time will come — and it may not be far off — when quite different tendencies will come up at a congress like the one held in 1912 [In 1912 a science called eugenetics was established in London] and people will say: It is pathological for people to even think in terms of spirit and soul. ‘Sound’ people will speak of nothing but the body. **It will be considered a sign of illness for anyone to arrive at the idea of any such thing as a spirit or a soul. People who think like that will be considered to be sick and — you can be quite sure of it — a medicine will be found for this.***

*At Constantinople the spirit was made non-existent. **The soul will be made non-existent with the aid of a drug. taking a ‘sound point of view’, people will invent a vaccine to influence the organism as early as possible, preferably as soon as it is born, so that this human body never even gets the idea that there is a soul and a spirit.***

*The two philosophies of life will be in complete opposition. One movement will need to reflect how concepts and ideas may be developed to meet the reality of soul and spirit. **The others, the heirs of modern materialism, will look for the vaccine to make the body ‘healthy’, that is, makes its constitution such that this body no longer talks of such rubbish as soul and spirit, but takes a ‘sound’ view of the forces which live in engines and in chemistry and let planets and suns arise from nebulae in the cosmos. **Materialistic physicians will be asked to drive the souls out of humanity.*****

## The Metaphysical/Spiritual Consequences Of Getting The Covid Jab

Here's a post by an energy healer/worker [don't know her/his name] who did a session on someone who received the Covid mRNA vaccine. It confirms what Rudolf Steiner talked about over 100 years ago:

*"I held a session with a person who had received the first and second dose of the v@cks. I had already treated this person energetically, but I did not know that she had taken the v@cks. When I started the treatment, I immediately noticed the change, very heavy energy coming from their subtle bodies. The scariest thing was when I worked on the heart chakra, I connected with her soul, so she was detached from the physical body, she had no contact and it was as if she was floating in a state of total confusion. A damage of the consciousness that loses contact with the physical part, so with our biological machine, there is no more communication between them.*

*During the treatment, this soul told me that it no longer felt the body and had the impression of floating in a deep malaise. The energy I was working with, the energy of their energy field, was very heavy and you could feel these substances that are very stressful for the subtle bodies.*

*I continued the treatment by sending light to the heart chakra, the soul of the person, but it seemed that the soul could not receive any more light, frequency or energy. It was a very powerful experience for me.*

*Then I understood that this substance is in fact used to detach the consciousness, so that this consciousness can no longer interact through this body that it has in life, where there is no more contact, no more frequency, no more light, no more energetic balance or spirit. Then I started to cry for that soul because it was something that touched me deeply, a very powerful experience. I didn't say anything to the person because I didn't know how to say it and if they would have understood.*

***I realized that it is not only polluting the subtle bodies or the physical body, but it is something to do with our soul. The purpose is to damage and try to destroy the contact with consciousness. What Rudolf Steiner said is exactly that. It is not just about damaging the immune system.***

*Update – Second treatment of the person: There has been another change and again a deterioration, both in the severity and in the energy that their energy field transmits, but most importantly there has been a very significant decrease in frequency. At the moment she is not showing any physical symptoms on the*

*physical body. As for the situation manifesting on the energetic level and especially the soul, it has been confirmed that the soul has been expelled from the physical body, it is still bound by the so-called cord, but it confirms that it no longer interacts with the physical, emotional and mental body, there is no longer any kind of communication. The soul is no longer able to manage these three bodies, to continue its process of incarnation and evolution, precisely because this contact has been broken.”*

We have also discussed the metaphysical/spiritual consequences of getting the jab in this podcast with guest Eve Lorgen where we talk about the mRNA vaccine technology and how it may disconnect the soul from the body [soul harvesting], the globalist agenda to introduce a synthetic human via transhumanism and AI, and more: [HYPERDIMENSIONAL HIJACKING, TRAUMA, AND RECLAIMING YOUR SOUL - EVE LORGEN](https://veilofreality.com/2021/04/12/hyperdimensional-hijacking-trauma-and-reclaiming-your-soul-eve-lorgen-tcm-57-part-1/) (<https://veilofreality.com/2021/04/12/hyperdimensional-hijacking-trauma-and-reclaiming-your-soul-eve-lorgen-tcm-57-part-1/>).

## Masks – A Symbol of Obedience and Occult Ritual

A couple of weeks ago, for the first time since this pandemic started, I wore a mask for longer than 5 minutes [I had to bring our puppy to the vet for a check-up and didn't want to make a fuss about the required mask for the sake of our dog].

I feel tremendous compassion for any workers in the public who "have to" wear a mask. Wearing a mask for longer periods restricts oxygen flow to the brain and to the entire body. Even after wearing it for only 5 minutes, I felt a bit dizzy and nauseous. I also felt my fight & flight response getting activated, sensing a slightly panicked response in my entire body and my muscles tightening up. I even started hyperventilating from my upper chest since I wasn't able to take deep breaths due to a lack of clean air and not an efficient amount of O<sub>2</sub>. This also started to get me out of body.

I imagine that I am a lot more sensitive and in tune with my body than most of the US population, who as an overall standard tend to live very checked out of their bodies, are very happy eating toxic chemicals sprayed on their synthetic and GMO foods, taking prescription drugs, and spend their lives getting lost in their heads and in the external world. Generally speaking, anything that goes against my body's health, my somatic wisdom/intelligence gives signals to me right away—and my body was rejecting the mask, not only because it is useless, but it is also UNHEALTHY. Let's not even get into the bacteria and microbes people keep breathing which accumulate on the mask they're wearing.

On a psychological level, forcing people to wear a mask anytime they want to go outside their house is both trauma-inducing and has the potential to retrigger trauma in abuse survivors as well. Yet, most people are so out of touch with their bodies that they actually won't notice these symptoms at all and hence don't think it's a big deal to wear a mask. Some may not even notice the repercussions for years from now....as people may think they're "used to it" but the body does not forget and may tell a completely different story than the one they've made up in their head.

Never mind the fact that masks don't work. It even says on certain packages of surgical masks that they are not to be used against Covid. It has never been scientifically proven that any of the masks suggested actually work. Quite the contrary:

***“The CoVID-19 pandemic is about viral transmission. Surgical and cloth masks do nothing to prevent viral transmission. We should all realize by now that face masks have never been shown to prevent or protect against viral transmission. Which is exactly why they have never been recommended for use during the seasonal flu outbreak, epidemics, or previous pandemics.... In fact, the most recent systemic analysis ([https://wwwnc.cdc.gov/eid/article/26/5/19-0994\\_article](https://wwwnc.cdc.gov/eid/article/26/5/19-0994_article)) once again **confirms that masks are ineffective in preventing the transmission of viruses like CoVID-19.*****

***If a surgeon were sick, especially with a viral infection, they would not perform surgery as they know the virus would NOT be stopped by their surgical mask....***

*Unlike the public wearing masks in the community, surgeons work in sterile surgical suites equipped with heavy-duty air exchange systems that maintain positive pressures, exchange and filter the room air at a very high level, and increase the oxygen content of the room air. These conditions limit the negative effects of masks on the surgeon and operating room staff. And yet despite these extreme climate control conditions, **clinical studies demonstrate the negative effects (lowering arterial oxygen and carbon dioxide re-breathing) of surgical masks on surgeon physiology and performance.**”*

*– from “A classic fallacious argument: “If masks don’t work, then why do surgeons wear them?” (<https://www.sott.net/article/438827-A-classic-fallacious-argument-If-masks-dont-work-then-why-do-surgeons-wear-them>) by Jim Meehan MD*

There is also this scientific study about the detrimental physiological and psychological effects of wearing masks for a prolonged time: Review of scientific reports of harms caused by face masks, up to February 2021  
([https://www.researchgate.net/publication/349518677\\_Review\\_of\\_scientific\\_reports\\_of\\_harm](https://www.researchgate.net/publication/349518677_Review_of_scientific_reports_of_harm))

People who choose not to wear a mask are not a threat. At least no more a threat than catching the flu, as it’s always been. The masks are more so acting as a form of mind control and a gesture of obedience implemented for psychological conditioning, trauma

installment, as well as to weaken the immune system. It also creates an environment of distrust and lack of humanity towards others, just seeing them as a “pile of potential germs”, and activating the nervous system to be vigilant, for you cannot read anyone’s facial expressions anymore or even see them smile.

This is resulting in even more division and even extreme paranoia in communities, where others no longer see other people as living, breathing, feeling, human beings but just as “walking germs” and as a threat who “might infect them”. It’s a mass black magick initiation occult ritual, setting the stage for what is coming next:

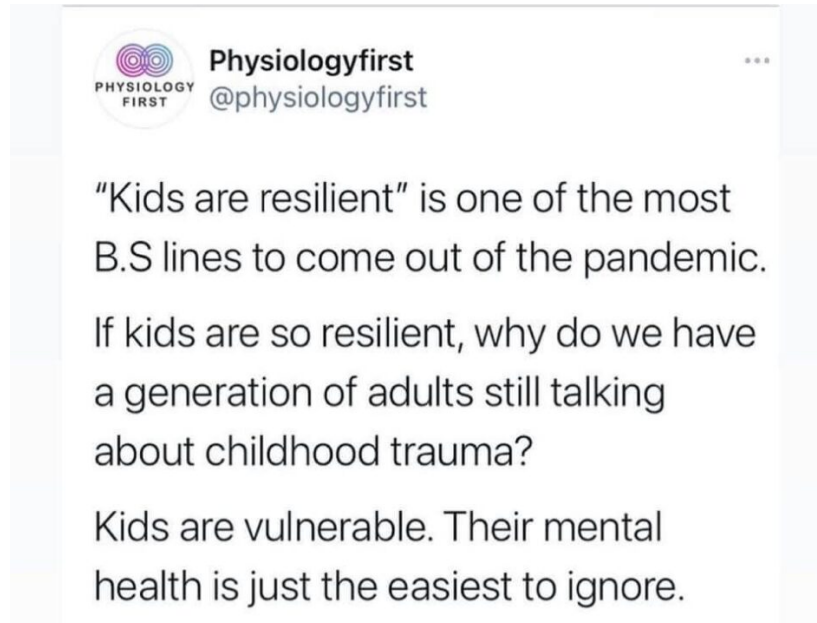

### The Characteristics of an Initiation Ritual

I also say it again, I feel strongly that forcing children to wear masks is a form of child abuse. Plain and simple. And the younger the child, the more sensitive it is and the more tune it is with its body and the environment. That’s why most children reject masks right away unless the parents force them to wear them and then brainwash their children with lies about masks: [Study shows how masks are harming children.](https://www.lifesitenews.com/opinion/study-shows-how-masks-are-harming-children)

<https://www.lifesitenews.com/opinion/study-shows-how-masks-are-harming-children>

That's how trauma is being installed and the mind control/brainwashing/fear program is transferred from parent to child. Decades from now, these children will have to deal with the "mask trauma". Personally, I feel that anyone who thinks it's "not that bad" or even laughs about this serious issue, is either brainwashed beyond hope, infected with irrational fear from the Covid Cult, or even worse, a sociopath/psychopath.

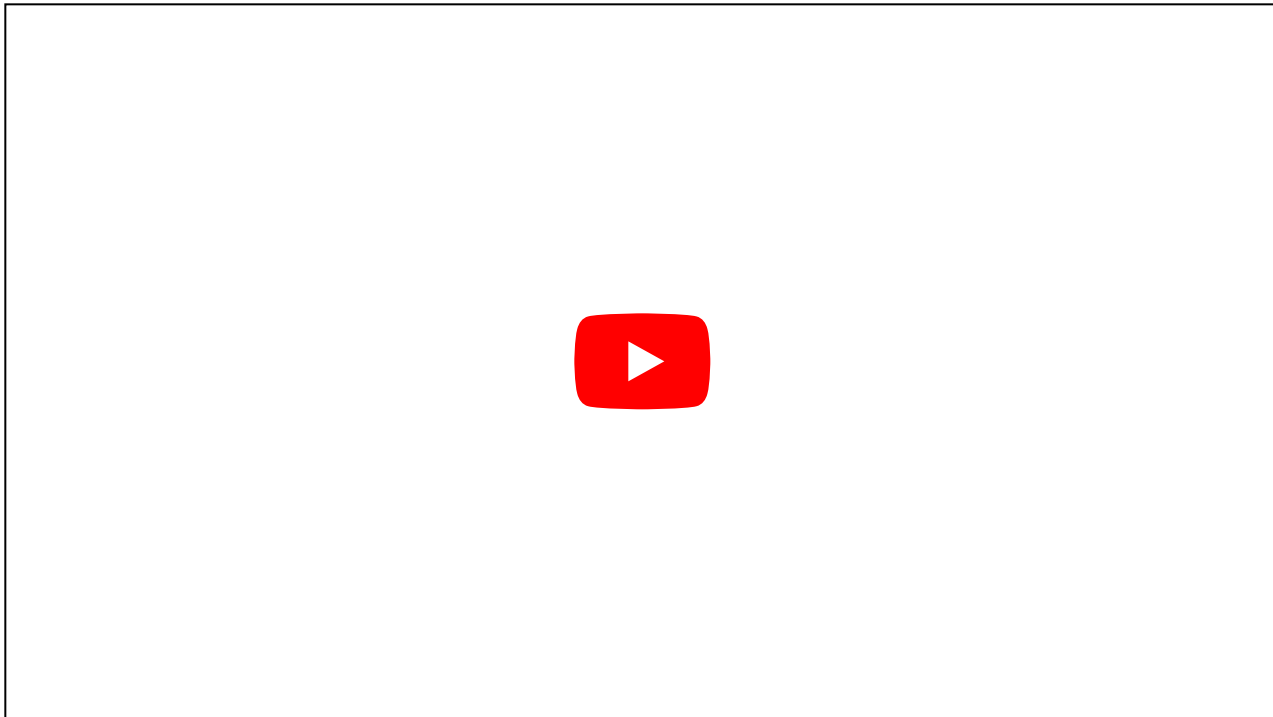

For those who are embodied and are able to listen to the body's intelligence and signals, they will notice the body will reject wearing a mask for any period of more than a few minutes, for the body *knows*.

## What is the Solution and What Can We Do?

As a disclaimer, I do not have all the answers and I'm in no position to tell others what they "should" do.

Yet, what I do know is that there needs to be active resistance to counteract this agenda. On a practical level, this means engaging in civil disobedience and simply saying NO. In short, do not wear a mask. However, I understand that this is sometimes not so easy to do for many people, for just going along with the program and the herd mentality of doing what you're being told is much "easier" and doesn't create any unnecessary friction/opposition. But by not wearing a mask you might actually inspire others to do the

same—especially those who may feel insecure or are too afraid to do so. You are living by example. Dr. Simone Gold made that point in her excellent talk about the dangers of the COVID vaccine and the uselessness of masks:

As always, [fear is in the way](https://veilofreality.com/2020/02/28/corona-fear-virus-and-the-forces-of-illness/) (<https://veilofreality.com/2020/02/28/corona-fear-virus-and-the-forces-of-illness/>) of refusing to go along with the Draconian lockdown measures, mask-wearing, and vaccines. Perhaps it is fear of conflict, or fear of what others think of you, fear of losing your job, fear of getting arrested/fined, and fear of the Covid-Cult mob (who have become the perfect [“Agent Smiths” of the Matrix](https://veilofreality.com/2011/04/18/organic-portals-soulless-humans/) (<https://veilofreality.com/2011/04/18/organic-portals-soulless-humans/>)) who have been so severely brainwashed and mind-controlled that they will electively police others who dare to fall out of line.

## Definitely Not a Cult

If you “have” to wear a mask, for any reason, or even due to your profession and are at risk of losing your job if you refuse to wear one, make sure to get breathing breaks without a mask and/or chose a “fake” mask [with holes] so you can breathe better, or at least wear it under your nose as much as possible so you can breathe in some way without restriction. Having said that, you may also want to use the opportunity to look for a new job and/or self-actualize and become your own boss. There is always a silver lining to every seemingly “bad” situation, which can help us to empower ourselves yet may push us out of our comfort zone for a period.

We need courage and action based on conscience and truth—not only for ourselves but for the future of humanity. Thankfully, a few states [at the time of writing this article] in the US (South Dakota, Texas, Florida, Mississippi...all “red” states) have already lifted COVID restrictions and mandatory mask-wearing.

Also, I recommend people use these times to connect with like-minded people. Create community, organize yourselves, speak your truth and help spread seeds of awareness in whatever shape and form.

For more info about this, I recommend listening to our podcast titled: [How Can I Help The World During These Times?](https://veilofreality.com/2021/03/02/how-can-i-help-the-world-during-these-times-tcm-54-part-1/) (<https://veilofreality.com/2021/03/02/how-can-i-help-the-world-during-these-times-tcm-54-part-1/>).

The bigger picture long-term solution, however, requires more than just civil disobedience, sharing of information, and external activism. In other words, nothing will fundamentally change if we don't change and consciously engage in the process of awakening (<https://veilofreality.com/2017/01/29/the-perilous-path-towards-awakening/>).

It is about sincere inner work and self-realization. In short: soul embodiment, i.e soul individualization, to “grow” your soul, bringing forth Essence, the true Self [as opposed to the ego-personality you identify with], the psychic being within you – to spiritualize the being and anchor the Divine within via holistic self-work (<https://veilofreality.com/2019/10/09/the-necessity-to-surrender-to-the-divine-and-spiritualize-the-being/>).

This process will affect the “external” world in more powerful ways than just trying to fight the matrix externally—for you are a frequency anchor and a transducer of higher energies. Your Essence/True Self CANNOT be harmed, traumatized, or destroyed. It carries the Light and Will of the Divine—which over-rides our petty egoic desires.

But this is not easy work. It will bring up all kinds of resistance within you and from the world, the hostile forces, and the hive mind of collective slumber where “asleep” humans are being used as portals/“agents” (<https://veilofreality.com/2011/04/18/organic-portals-soulless-humans/>) to interfere with your awakening. These are lessons to test your SINCERITY. Don't get distracted by the shadows on the wall or take anything “personal”.

Moreover, this process will bring up anything you have suppressed: like old wounds, unprocessed traumas, and your shadow from this life and past lives, to be healed, integrated, and transmuted, including any karmic “debt” that is also manifested/held in your soma/body (<https://veilofreality.com/2019/04/24/soul-evolution-universal-laws-and-karma-in-the-body/>). It's messy work and includes “conscious suffering” to withstand the temptation of the hostile forces trying to keep you chained to your old [mechanical] animal-self—the fake desire-soul (<https://sriarobindostudies.wordpress.com/2015/04/08/the-desire-soul-and-the-true-soul-in-man/>).

This work is only for spiritual warriors (<https://veilofreality.com/2020/04/29/embodying-the-warrior-archetype-in-service-of-the-divine/>) who can withstand the backlash and cross the threshold as it's been symbolized in various ancient esoteric parables. After many, many lifetimes, deaths and rebirths, and repeating soul lessons in the wheel of samsara, the time has come for many of us to embody the spiritual warrior for we chose to be HERE right NOW. It's an immense opportunity for soul growth.

It's been called the Great Work throughout the ages for a reason. This work does not imply non-action. On the contrary, only when grounded in Essence and aligned with the Divine as a transducer for Divine Will can there be RIGHT action—which also implies there is a necessity to counter-act and DESTROY the anti-divine forces with LIGHT, i.e. TRUTH [which is not simply intellectual concept but a direct experience of it].

Putting on the armor of God means to act in alignment with the Divine and bring forth Essence via the alchemical inner process of embodiment (<https://veilofreality.com/heros-journey-process-embodiment/>). This state of being is also your best protection and defense from any “intrusion” or from of occult interference (<https://veilofreality.com/occult-forces-of-hyper-dimensions-entity-attachments-and-interferences-discernment-clearing-and-protection/>). The more you are living from Essence, the more you naturally vibrate on a higher frequency (<https://veilofreality.com/2015/04/25/individuality-embodiment-and-the-anchoring-of-a-higher-frequency/>)—which can also protect you from detrimental environmental toxins, like effects of EMF, 5G, and vaccines [even if you had to take them/one]. Your body is the vehicle for “ascension”. That's why they are targeting it, attempt to modify it, and attempt to merge it with “machine”.

Please note, that I'm not referring to the distorted New Age way of “raising your frequency” of simply thinking positive thoughts, even though I feel that healthy optimism is very much needed during these times and a positive mindset is a contributing factor of health. The process I'm referring to is the “Great Work” of the ages— to awaken to our true nature and become one with God—as becoming a fully embodied Gnostic Being is the only way to “escape” from the matrix via transmutation and soul integration. Obviously, we still have a long way to go on the trajectory of the collective evolution of consciousness, but many souls who have already started to “awaken” over various

lifetimes chose to incarnate during this Time of Transition (<https://veilofreality.com/2012/04/22/wanderers-purpose-and-esoteric-work-in-this-time-of-transition/>) and have seized the opportunity.

It's important to know that the agenda of the anti-divine occult forces also didn't just start last year. It's been the long-range agenda for literally thousands of years, with the end goal being the ultimate "alien invasion" through our own bodies. ??But know that nothing is lost yet, as bleak and dark as it may look at times. Don't get into a fear frequency and doom and gloom mindset. Yes, their agenda is evil but it doesn't mean that they're able to go through with it to its completion.

There is a lot happening on multi-dimensional levels, and our collective and individual karma is playing itself out as well. So we all have important choices to make on how we handle that karma and we each have a choice to either suppress that process or to consciously engage with this process of evolution that wants to unfold. There are also divine assisting forces helping humanity but most of it happens outside our limited perception and cannot be grasped by our little egoic mind.

However, the Divine will succeed at last, as it always does. The question is: will humanity be able to learn their lessons without having to repeat yet another karmic cycle?

It is important we not look at others nor get trapped in blame externally. It's too easy to focus on the "negative" these days.

Look into the mirror. Look into your own eyes. Ask yourself, WHO AM I [beyond name, desires, likes, dislikes, and personality], and how SINCERE am I to find out the answer to that question? This question, when asked sincerely, will open doors where there have been no doors before, so that you may find the Truth of your Being—which also includes the remedy and gift you have to offer to the world during these times.
